SECTION 1

VOL. LI. UPLAND, CALIFORNIA, FRIDAY, NOVEMBER 2, 1945. NO. 53

Study Means To End Fire Hazards

In a determined effort to enforce fire prevention in the City of Upland, the city council last night delegated City Manager R. G. Manley, Fire Chief Howard C. Paulin and City Attorney Edward Gray to study and frame an ordinance which would provide for the punishment of those who continue to create fire hazards in the community.

The action came about following the denial by the council of a claim against the city for damages suffered by a citrus grower as a result of the brush fire on October 1.

"People don't seem to be interested in fire prevention until something like this happens," Fire Chief Paulin told the council following reading of his report on the fire. He produced pictures of fire hazards in the area north of Nineteenth street.

"I'm firmly convinced that there ought to be an ordinance covering that situation up there," Edward Gray, city attorney, declared. "A man who takes his prunings and dumps them up there knows he's adding to the fire hazards and he ought to be punished.

"We have a city dump and that's where he ought to take it," he continued. "That ought to be a crime and can be made a crime."

The general feeling among council members was that it be made obligatory to take all prunings or any other trash to the city dump or some other properly designated spot. In this way much of the fire hazards now existing could be removed.

It was also suggested that property owners in that area be required to clear about 50 feet around their homes or groves so that they will lessen the fire dangers not only to their own property but to their neighbors as well.

Following a careful study, the city manager, fire chief and city attorney, will present an ordinance for council approval.

Classes in Arts And Skills Will Begin at Chaffey

Under the sponsorship of the Red Cross, an adult education class in arts and skills training will start next Wednesday evening in room 18 of the home economics building of Chaffey high school, on Fourth street.

These classes will be held each Wednesday and Thursday evening from 7 to 9:30 o'clock, and they will continue till Christmas. Also, on Monday nights, there is a class in metals, jewelry, etc., and credit will be given for attendance in any of the classes.

The purpose of the classes is to train volunteer workers in arts and skills. By completing the course, a person is eligible to become a member of the arts and skills corps of the Red Cross and is qualified to work under the Red Cross at the United States naval hospital at Corona.

The Red Cross is sponsoring this training because of the great need for workers of this type in the field. The classes are open to all who are interested.

Voice of Upland

Do you think it's possible to raise wages and still keep down prices in some cases as President Truman recommended in his speech Monday night?

"In some cases perhaps, but not all."—W. E. Harmon, 395 North Ninth avenue.

"Sometimes I think he's right and sometimes I think he's wrong."—V. H. Wilson, 875 North Second avenue.

"I think it's possible, yes."—J. L. Music, 228½ South First avenue.

"They probably would raise the prices. They shouldn't raise them, that's for sure. They're pretty much at a peak now."—Donald A. Paulson, 531 North Third street.

"No, I don't think so."—F. A Glass, 464 West Seventh street, Ontario.

"I don't think so. Prices are already going up. My husband and I argue about this all the time."—Mrs. C. L. Sullivan, 345 North Grove.

"I hope so."—Thelma Spears.

"If the wages don't go up pretty soon there won't be anybody eating the way prices are."—Mrs. Marion Tracy, 171 North Third avenue.

Halloween Ends With No Damage

Police Chief Eugene L. Mueller offered his compliments to Upland youngsters today for having celebrated Halloween without inflicting any property damage on local residents.

"They all had a good time and I want to compliment them for their good behavior," he said.

The entire police force as well as the police reserves were on duty throughout the city practically all night long on Halloween. They reported very little disturbance except the usual Halloween gaiety.

Several complaints were received at the police station both last Tuesday night and an Halloween itself. It was reported at 7:02 p. m. Wednesday that some one was throwing rocks at the houses on the corner of Second avenue and F street, and that some of the furniture was being removed from one front porch. A few minutes later there was a call that some boys were seen turning on a fire hydrant on the corner of Second and C streets. Several residents around the seven hundred block on Second street complained that some youngsters were throwing firecrackers in mail boxes and on porches. Mrs. C. C. Hamilton called yesterday to report that a white gate was removed from the home of her mother, Mrs. L. R. Nichols, 253-C North Euclid avenue, on Halloween night.

But except for these minor disturbances Upland youngsters celebrated Halloween quietly but with enjoyment. Chief Mueller also reported that several hundred children in costume arrived at the police station and were treated to candy, apples and cookies.

Council Okeys Parking Limit

Accepting the recommendation of the Upland Chamber of Commerce merchant's committee, the city council last night instructed the city attorney to draw up an ordinance limiting parking in the Upland business district to two hours between 9:30 a. m. and 5:30 p. m.

Councilman James Goodban who moved for the adoption of the ordinance said, "it's something that the merchants really need."

Although it could not be incorporated into the ordinance because of legal restrictions, it was believed that first offenders to the proposed ordinance would be treated rather lightly, with possibly only a warning at first, with the punishment becoming more severe with each succeeding violation.

The proposed restriction will include Second avenue from A street to Arrow highway and Ninth street and C street from First to Third avenues.

Uplander Spends All Of Navy Years in San Francisco

"Join the navy and see the world,"—so they use to say.

Philip C. Holden joined the navy—and saw San Francisco. He is back in Upland as a civilian after 3½ years of service.

How much of the world did he get to see? San Francisco.

The Uplander, son of Mr. and Mrs. V. Wade Holden, West Thirteenth street, has returned here—never to go to San Francisco again, perhaps. He will assist his father in operation of the citrus groves.

"Yes," said the former Chaffey student, "I got to see San Francisco and the country between here and there."

He served as a specialist third class and gave most of his service during the war as a truck driver for the navy in the Bay district.

That wasn't what he wanted and he didn't prefer to always stay in San Francisco. But he was in the navy and he served the best he could.

City Denies Claim for Fire Damage

Declaring that it was not city neglect during the brush fire on October 1 that resulted in damages for citrus growers in the area between East Sixteenth street and a point near East Nineteenth street, the city council last night denied the claim of Marie K. Olney for $2650 damages.

The council expressed its regrets that the damage had occurred but after a thorough investigation during which it listened to a long and exhaustive report on the fire from Fire Chief Howard C. Paulin and City Manager R. G. Manley, it agreed that there was no evidence of negligence on the part of the city.

The complaint charged the city with "gross negligence" and implied that the fire had originated in the city dump. It listed 53 orange trees destroyed which had taken 14 years of care and cultivation to grow, and added that it would be another 10 years before new trees could mature.

Mr. Paulin and Mr. Manley both declared that in their opinion the fire did not originate in the city dump and the council concurred with their beliefs.

It was reported that the garbage disposal men had taken refuse to the city dump at noon on the day of the fire and did not see any fire or smoke at the dump at that time. They returned again with more garbage at 2 p. m. and still saw no evidence of fire. Since the general alarm for the fire was given at 1:35 p. m., the council agreed that the fire could not have originated in the city dump.

"Since the alarm was received in ample time and the equipment was all there and in use it seems that everything humanly possible was done," Mayor Eugene Nisbet said.

County War Bond Queen Contest Getting Started

Inter-community contest to select a war bond queen for San Bernardino county is underway.

Any club or store may sponsor a candidate by purchasing a $5000 Series E bond.

A ballot will be given each $25 war bond purchaser and he will vote for the candidate of his choice.

At the end of the drive, community queens will be named and will vie for the title of queen of San Bernardino county. Girls chosen as queens will be given Hollywood screen tests and will participate in the Southern California finals, the winner of which will be given a year's film contract.

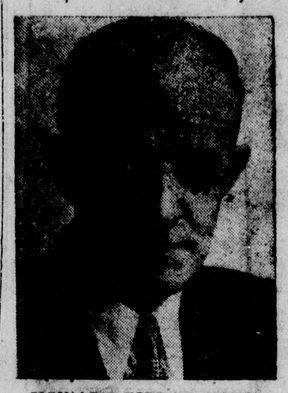
Classified Deadline Is 9 A.M. Press Day

Nine o'clock on press day is the "deadline" for The Upland News in accepting classified advertisements.

Classified advertisers may place their copy with The News any time prior to press day and up to 9 a. m. on Tuesday and on Friday.

This deadline period will be observed in the interests of achieving an earlier delivery of the paper throughout the Upland district.

Speaks Monday



HOWARD PIERCE DAVIS

Davis To Speak Here Monday

The European situation in the light of the latest developments will be analyzed by Howard Davis economic philosopher and editor of "World Observer" when he speaks at the second forum lecture at the Chaffey auditorium Monday night.

His subject will be, "Unfinished Business," which is expected to be a discussion and an analysis of what has developed in international affairs since the San Francisco conference.

Mr. Davis, who was one of the most popular speakers on last year's forum, has a reputation for skirting over the emotional appeals of world affairs and clarify for his audience all the facts in a clear and calm manner. He told a Boston audience recently that "the business of human betterment is always unfinished. The task of perfecting democracy; the quest for peace, freedom adn justice; these will ever remain unfinished social adventures."

Tickets for the forum series may be purchased from the Edison company in Upland or the Adult Education office at Chaffey. The series is sponsored by the Ontario Business and Professional Women's club.

Million Boxes of Lemons Picked By Association

More than a million boxes of lemons were picked from groves in this district, stored, packed and sent to markets by the Upland Lemon Growers association during the fiscal year just ended, it was revealed at the association's annual meeting here yesterday.

The growers, meeting in the Upland Elementary school auditorium, reelected all the directors, heard a summary of the successful season by Don Tyler, manager, and heard discussions from three other leaders in the citrus industry.

Reelected as directors were Warren H. Wass, who presided as president; Paul Daggs, vice president, Otto Christensen, Keith Koehler and Harold Stewart.

While returns for the past 12 months are incomplete, it was revealed that total production was 1,002,000 field boxes of lemons. This is one of the largest crops in years, although the financial returns are not likely to total as much as last year when the final figures are recorded, it was reported by Mr. Tyler.

Harry B. Harlow, manager of the Ontario-Cucamonga Fruit Exchange and F. W. Wilcox, assistant general manager of the California Fruit Growers Exchange, discussed the past season and looked into the future. Outlook for the 1946 crop is good from the production standpoint but no special predictions were given as to the financial returns.

Floyd D. Young, U. S .weather bureau, whose nightly radio weather forecasts are to start soon, reviewed development of the forecasting and cited the great improvements that have been made in recent years.

Many members of the association were in attendance at the meeting, starting at 1 p. m. Mr Wass presided and called for the manager's report, presented the speakers, and presided over the balloting in election of the five directors.

City Council Gives Its Support To Euclid Lighting on Christmas

The city council last night gave its support to the proposed illumination of pepper trees on Euclid avenue during the Christmas season as it authorized City Manager R. G. Manley to furnish the labor and the electricity needed for the project.

Sponsored by the Upland chamber of commerce the project looks toward making the lighting up of Euclid avenue during the Yuletide season a permanent thing. According to Chamber Secretary J. Emery Sargent, who appeared before the council, about three trees would be illuminated this year with the number increasing each succeeding year.

Public subscriptions are being called for to raise the money for the project. A $50 check was received last week to start the ball rolling. Contributions may be left at the chamber of commerce office or at the Upland News. The civic improvement committee is entrusted with the responsibility of administering the fund, with Ernest H Gibson as chairman.

Money contributed by the public will be used to purchase the colored lights and wiring needed for the project. It is estimated that $50 will be needed to illuminate each tree. The hope is that in some future year a great part of Euclid avenue will be illuminated with brightly colored lights during the Christmas season.

Other members of the committee headed by Mr. Gibson are Eugene L. Mueller, Dr. James V. Latimer, Miss Lillian Harnish and William Gilliland, president of the chamber, who is an ex-officio member.

Contributions to the fund now total $116.00. Receipts previously acknowledged were $50. Other contributors follow:

J. Albert Jackson	$50.00
Anonymous	1.00
J. Emery Sargent	10.00
Dr. James Latimer	5.00

Eighth Graders Present Play for Halloween

Shown here is a scene from the one-act mystery play, "The White Phantom," which was presented at the Upland Elementary school auditorium Wednesday afternoon by the eighth grade dramatic class of the Junior high school as a part of the Halloween celebration for the day. From left to right, they are Maxine Goings, 1402 East Ninth street; Arlene Shaw, 160 East Eleventh street; Charlene Owen, 61 West Ninth street; Norman Bowser, 1188 Myrtle drive (as the ghost); Josephine Engle, 507 North First avenue (a negro maid); Kenneth Carter, North Mountain avenue, and Allan Morrow, 1127 Myrtle drive. Miss Marie Ebel, who teaches the dramatics course, directed the play.

Property Owners Protest Continued Use of Steam Engines in City of Upland

Report Two General Alarms in October

The Upland fire department responded to two general alarms and five still alarms during the month of October, Howard C. Paulin, fire chief, reported today.

A brush fire on Campus avenue between Sixteenth and Nineteenth streets and an overheated furnace at 380 West Fifteenth street constituted the general alarms for the month.

Fourteen volunteers responded to the fires and engines 1, 2 and 3 traveled 59 miles during the month.

Thieves Ransack Upland Home

Burglars broke into the home of Martin Smith, 277 East Seventh street, yesterday morning and after ransacking the entire house got away with several expensive jewelry items.

The loss which was listed by Mr. and Mrs. Smith included a white gold engagement ring, a dinner ring, three opals set with chip diamonds; a lady's yellow gold wrist watch, a man's Shaeffer black and gold pen and a Ronson lighter.

The burglars got into the house by cutting a square-shaped hole in the screen door of the front entrance into the sun porch and then got inside the house by breaking the glass with a magazine. Every room in the five-room bungalow was completely gone over, police reported. Open drawers were found lying on the floor, books in the living room and the clothes in the clothes closet were all gone over. Even the beds were pulled apart as well as the dishes in the kitchen in search of money or other valuable material.

The Smiths left their home with their daughter at 8:50 a.m. and returned a few minutes after noon when the burglary was reported to the police.

Police have several clues and are conducting an intensive investigation to apprehend the burglars.

Postal Returns In Slight Drop

Slight decrease in income to the Upland post office during October as compared with the same month a year ago was reported today by Postmaster Orton P. Brady. In spite of the drop of about eight per cent in returns, the 1945 total is considerably ahead of the 10 months in 1944.

Income last month was $4102.27 while in October, last year, the returns were $4451.40.

The 1944 postal returns here were far in advance of previous years and the 1945 total is certain to end up in excess of the figure for last year, Mr. Brady said.

Long Distance Phone Call Comes to Mrs. Rosenberger

Mrs. E. C. Rosenberg, of 990 West Tewtnty-third street, redistance phone call this morning.

It came all the way from Pearl Harbor and the party on the other side of the line was her son, Blythe, whom she hasn't seen for more than two years. A signalman in the Navy he told his mother that he would be leaving for the States soon and expected to be discharged by Thanksgiving.

In preparation for his arrival Blythe's wife and a two-year-old daughter he has never seen are expected to come to Upland next Wednesday and wait for his arrival at the home of Mrs. Rosenberger.

So, it looks very much like it will really be a joyous Thanksgiving for the Rosenbergers.

Pacific Electric Company Agent Promises Change by January

A score of local residents vigorously protested last night to the city council on the continued use of steam engines on the Pacific Electric tracks and declared that it was time for some sort of "peace on the home front".

Led by Harold Barbour, civic leader, the group who also presented letters from several others who could not be present at the meeting, called upon the council to enforce the provisions of the franchise granted to the Pacific Electric company which provides that only electric trains are to be used.

Casey Jones, passenger agent of the company, who was present at the meeting, promised the protesting property owners that "by the first of the year not a single steam engine will be in operation in Upland."

DRAWS PROTEST

Declaring that the hauling of freight by steam engines has been only a temporary war measure, Mr. Jones said:

"We're just as anxious to get rid of the steam engines as you citizens are. They're a headache to us, too."

He drew a storm of protest from the crowd when he declared, "Upland was a dead town until the Pacific Electric came along and the more freight we have the better it will be for the town."

John Dennis, a property owner, retorted sharply to Mr. Casey, saying, "I had never thought of Upland as a dead town and I rather resent that statement. I fail to see how through freight could help the city in any way but it certainly could do it a lot of harm."

FINANCIAL LOSS

Scoring the Pacific Electric for the soot and grime on his home and for the cracked plaster and windows which he said were caused by the impact of the trains going by his home, Mr. Dennis declared, "I've been hurt financially by this. Who's going to pay the bill? Do I pay it so that the Pacific Electric can run heavy traffic past my house?"

It was brought out by Councilman Ray Sherwood that the council was powerless to act at this time because it had already gone on record allowing the Pacific Electric company to haul heavy freight through Upland for the duration of the war and six months.

Mr. Barbour declared that the war emergency was now over and he could see no reason for the continued use of steam engines on the P. E. line. He said that he thought it was time for a definite state-

Helen Traubel Thrills Audience

Helen Traubel's appearance in the Chaffey civic auditorium last night gave the Civic Concert association an outstanding start on its fifth season.

The popular dramatic soprano appeared before one of the largest "opening night" audiences in the association's history. Much has been written about the versatile singer. Expectations were high—and there were no disappointments.

The beautiful auditorium was nearly filled. The footlights at the stage flashed on as a signal to the audience that it was about time for the concert. A curtain was raised. Not a sound—the music lovers were waiting. Then the curtains were parted to reveal the stage with its attractive back drop.

A pause, then dramatically the soloist who has thrilled audiences across the nation appeared and she was greeted with an enthusiastic ovation.

She led the audience in the national anthem. Her first number "God is My Song" was very, very brief, like an introduction to a climatic program. Her first group of selections was in English and a number in Italian, "Well You Know" from "Cavalleria Rusticana" by Mascagni, inspired one of the longest ovations.

A group of songs in German thrilled the listeners and each rendition was followed by enthusiastic applause. "Elsa's Dream," from "Lohengrin" by Wagner, moved the audience as the attractive singer's soft tones revealed a dramatic story. She responded with an encore "Morning" by Otis Speakes.

Her concluding series of Negro spirituals and folk songs will be long remembered and the audience applauded for more and more encores. Her final encore selection was "Song of Love" by Frank La Forg. The talented accompanist Coenraad V. Bos played two selections, "Elegie" by Rachmaninoff and "Song Without Words" by Mendelssohn.

Chaffey Professor Scores President's Navy Day Speech

Declaring that the speech was full of "glittering generalities" W. W. Mather, chairman of the social science department at Chaffey college, today scoffed at the idea that President Truman's Navy Day address represented the foreign policy of the United States.

"It was nothing more than the expression of the Democratic party in power and much of his 12 point program would be put in reverse if we had a change in administration," he said.

Stating that the United States never really had a foreign policy, he went on to name what he believes were three major deficiences of the President's speech.

CONTRADICTORY

"First, it was full of glittering generalities in spite of the fact that they seem to speak of specific terms," he declared. "It was contradictory in a number of details, particularly where Mr. Truman said the United States was not seeking territory in one part and then he held forth that we wanted more naval bases."

The latter declaration, Mr. Mather said, would be interpreted as a threat against Russia by the Soviet people. They won't believe us when we try to tell them otherwise, he added.

"If the United Nations are to succeed under the charter it must combine two things," he said. "First, physical force to check aggression before it gets started and second the moral consent of people to live peaceably as we do under our constitution. The second point was completely ignored by Mr. Truman and therefore weakened the entire speech."

MEAN NOTHING

Professor Mather went on to discuss other points in the 12 point program, emphasizing again that the foreign policy outlined by President Truman was in many respects squarely against many of the principles as laid down by the Republican party.

"So, they don't mean anything because none of them would be carried out by the Republicans," he said.

The seeds of another world war have already been sowed some of which indicated by the President's speech, Mr. Mather said. He listed

Plan Most Complete Christmas Decorations In City's History

Welcoming Home Veterans Will Be Spirit of 1945 Christmas

The most complete Christmas decorations in the history of Upland are being planned for this Yuletide season, Mrs. Amos R. Colborn, chairman of the decorations committee, disclosed today.

With the entire emphasis placed on welcoming the returning veterans back to their homes, the decorations will be auspiciously revealed on the night of December 7 when at a given time the lights will be turned on all the business section of the city.

The decorations committee which also includes Mrs. Sam Rowe, Mrs. Paul Hottel and Miss Lillian Harnish is planning to make Christmas decorations this year the best that the people of Upland have ever experienced. All of the area on Second avenue from the Santa Fe tracks to Arrow highway and on Ninth street from Euclid avenue to Third avenue will be brightly lit with various colored lights and unusual decorations.

"Welcome Back, Veterans," will adorn lighted drums which will hang from festoons strung across the various intersections. Small colorful Christmas trees will also be placed on lamp posts on Second avenue.

Upland merchants are expected to fall in line with the spirit of the decorations and arrange their Christmas display to conform to the motive of welcoming home the veterans, some of whom will spend their first Christmas at home in four years.

"All of the mechants have given generously and willingly to our decoration fund," Mrs. Colborn said, "and it is because of their generosity that we will be able to have as wonderful decorations as we hope to have."

More than $1000 was contributed by Upland merchants to make these decorations possible.

New Frigidaires On Display

"Frigidaire, the world's largest manufacturer of refrigerators, now has an increasing number of refrigerators available to the public," said Earl E. Marsh, the local Frigidaire dealer at 114 North Second avenue, Upland.

"Construction on the first model began in July of this year and the finished products were temporarily frozen in a government stockpile; however, the restriction on the sale of refrigerators to the public has been lifted and Frigidaires are now available for civilian consumption."

Mr. Marsh was discussing the features of the new Frigidaires, "They have all of the pre-war features and quality developed by Frigidaire. The permanently-sealed-in-steel rotary Meter-Miser, Lifetime Porcelain Finish, the Quickube Ice Tray, and many other exclusive Frigidaire features are again present in these refrigerators," added Mr. Marsh. "The five year protection plan on sealed-in mechanism is again proof that Frigidaire's workmanship and the quality of its products are among the best available."

Professor Scores Truman Speech

(Continued from Page 1)

five reasons for his belief.

LISTS REASONS

(1) Cartels and policies of corporations in the United States. (2) demand for universal military conscription in peace time (3) holding of naval bases close to Russia and Japan. (4) treatment of dark-skinned minority groups in the United States, which has lost us the moral leadership of the world, and (5) tariff policies and their effect on the world.

Professor Mather has been teaching social sciences at Chaffey for the past 32 years. He is a graduate of Pomona college, attended the University of Southern California law school, being admitted to the bar in 1909. He has had graduate work in mathematics and history at the University of California, and has a master's degree in political science from Claremont college.

Books and Reviews

UPLAND PUBLIC LIBRARY

"Lincoln Among His Friends," a collection of many articles written in the last 75 years, will be sure of a welcome by many a Lincoln student. The pleasant informing story of the four years, 1892-96, where Kipling had his first house, where his first child was born, and where he wrote "The Jungle Books," may be found in "Rudyard Kipling in New England."

"The History of the Popes" will interest many. St. Peter, says the Roman Church, was the first Pope—since his time there have been 259 in unbroken succession.

"Nathaniel Hawthorne: a modest man." Much has been written about Hawthorne but Edward Mather, the author, has plumbed the depths of this extraordinary personality. "Emperor Norton, Mad Monarch of America" the only royal monarch buried in American soil, near the Golden Gate, the doorway to his empire. Today his capital city, San Francisco, has few citizens who remember the mad ruler who proclaimed himself Emperor of the United States and Protector of Mexico.

Dr. I. J. Bush, "Gringo Doctor," moved to Texas from the swamplands of Louisana to build up his health. He did much to establish an empire in West Texas. As a frontier doctor and with his unusual ability to cope with medical conditions in awkward situations that the Mexican rebel forces found him a godsend during the Revolution.

Henry Moor Teller entered the U. S. Senate in 1876 upon Colorado's transformation from a territory into a state. By his wholehearted championing of the Far West at a time when that region was in the throes of growing pains he richly earned the title, "Defender of the West."

Bradford K. Daniels was smitten many years ago by a phase of spring often termed chicken ranchitis. That his back-to-the-soil career richly endowed with the finest that life has to offer is abundantly evident in the book, "The Outer Edge." "Dewey, an American of this Century," by Stanley Walker, the first full-length biography of him, shows you in full detail the steps by which Thomas E. Dewey has reached his present high position.

The last biography to be mentioned this time is the one about Mary Hunter Austin—"The Beloved House," particularly her life in California and New Mexico. All these may be found in the Upland library.

U. S., Britain and Russia will divide the remnants of the German fleet. If any other country would like a few ships, they can be found at the bottom of the deep, blue sea.

BIRTHS

SAN ANTONIO COMMUNITY HOSPITAL

Mr. and Mrs. Manley Rose, 298 Euclid place, are the parents of a baby daughter, born Tuesday.

A daughter was born to Mr. and Mrs. Tom Moore, 576 Alta Cuesta, Red Hill, Tuesday evening.

It's a boy for Mr. and Mrs. William B. Clayton, Mission boulevard, Ontario. He arrived Wednesday afternoon.

Mr. and Mrs. Floyd Riley, 307 Miramonte avenue, Ontario, became the parents of a baby daughter yesterday morning.

C. of C. Banquet Tickets On Sale

Tickets are on sale today for the Upland chamber of commerce community banquet here November 20.

Only 200 tickets are available for the civic group's first community meeting in many years. The tickets are at the chamber of commerce office and are also on sale at Goodban's Brownbilt shoe store, Alex Fader's sporting goods store and Upland Furniture Co.

Wide interest is expected to be shown in the meeting, the program and the reports of the chamber of commerce leaders. Mrs. E. Tweed Stone is chairman of the committee in charge of arrangements.

Tickets cost $1.50 each. A dinner, served by the Upland Woman's club, will precede the meeting and program.

It probably would clear up the paper shortage if Uncle Sam had all of that on which people intended to write to the boys in service, but didn't.

Safety a la Mother Goose

Worker Jack Horner, a safety rule scorner,
Was reckless 'round running machines.
The foreman had told him, but hadn't yet sold him
What safe practice actually means.

Jack was working (and scorning) on a planer one morning,
Daydreaming of coffee and pie.
He stuck in his thumb—his whole arm went numb.
And he yelped, "What a big dope am I!"

— DON MOORE

NATIONAL SAFETY COUNCIL

Army May Close Field Soon

It may not be long until the Ontario army air field may be terminated as a military base and the property released to the city of Ontario for civilian use, according to reports today.

Spokesmen assigned to the base were not permitted to issue any official statement but it was indicated quite firmly that the post is being "inactivated" and that if the present rate of "inactivation" continues nothing will be left at the field by the end of the month.

Personnel now at the field is being transferred to other posts.

Ontario city officials and civic leaders are closely watching the developments. James Corison, chairman of the Ontario chamber of commerce industrial committee, said "that just as soon as the field is made available for civilian use new industries will locate on and adjacent to the field."

An ambitious expansion program is planned by Ontario in attracting industries to the city and to the airport. Al Holmer, head of the Ontario aviation committee, is workly closely with the city officials in planning immediate development of the field to serve industries.

November 1 had been given as a tentative date for transfer of the field by the army to the city.

Ontario army air field officials said they did not know when the field would be discontinued. Indications, however, were given that various phases of the field's activities are being curtailed preparatory to the army relinquishing control.

Advise Changes In Frequency

Upland residents were advised today that in their future buying of electrical equipment it would be to their advantage to select a design that will operate satisfactory on either 50 or 60 cycles.

This advice came from Frank L. Allen, manager of the Upland-Ontario district for the Southern California Edison company, who reminded local citizens that the Edison company is gradually converting its system frequency from 50 cycle to 60 cycle alternating current.

"The conversion will be made by areas and will require approximately three years to complete," Mr. Allen said. "In the meantime if people in Upland should select a type and design which will operate satisfactorily on either 50 or 60 cycles they will reduce further inconvenience and expense."

Rev. Ruth Resigns As Ontario Minister

Of interest to many here will be the announcement that the Rev. Roy L. Ruth, pastor of the Ontario Methodist church, has been appointed pastor of the First Methodist church in Honolulu, T. H.

Rev. Ruth recently resigned the Ontario pastorate to accept the new appointment. He and Mrs Ruth will leave soon for the islands, to be joined later by their son, who is in the armed services

Women Golfers Play Second Round In Annual Tourney

Second round in the women's golf tournament at Red Hill Country club is being played by the undefeated entrants and at the same time a flight has been arranged for those eliminated in the first round.

Undefeated at the end of the first round play are Mrs. Myrtle Brown, Mrs. Paige Hubble, Mrs. C C. Denio, Mrs. Ellery F. Wright, Mrs. C. R. Brissman, Mrs. Mildred Puckett, Mrs. David Seares and Mrs. Agnes Sutton.

A dinner was served in New York at $50 per plate. Our mouth would be so wide open we wouldn't be able to chew.

Many Veterans Placed With Civil Service

The United States Civil Service commission announced today that more than 23,500 veteran placements—including placements of the wives of disabled vetearns and the widows of veterans—were made in the Federal civil service during September 1945. The September total represents an increase of more than 3500 placements over the August total of approximately 20,000.

The War Department continued to lead in the number of veteran placements for the month—9454. The Post Office Department was next, with 539. Veterans were also placed in large numbers in the Navy Department, in the Veterans' Administration, and in the Treasury Department.

Rubber Stamps

AS YOU WANT THEM—

But order early. Delivery time is uncertain and orders are accepted only on the understanding that it may be two or three weeks before stamps are ready.

The Upland News is agent for the Los Angeles Rubber Stamp Co. In buying from The News you pay just the same as you would in buying direct or from one of the stamp company's special salesmen.

MRS. A. W. GALENTINE

District President Visits Upland Unit, Legion Auxiliary

Thirty-five members and guests of Upland unit of the American Legion Auxiliary were welcomed by Mrs. Donald F. McKean, president, at the membership dinner which opened the regular meeting last evening in the Legion club house.

Guest of honor was Mrs. Clyde Auld of San Bernardino, president of the Twenty-fifth District, who made her official visit to the group. She spoke briefly on the increased volume of work ahead in every phase of the Auxiliary program.

Accompanying Mrs. Auld were several other members from San Bernardino, including Mrs. Erwin Adamson, district rehabilitation chairman; Mrs. Ernest Danielson, district educational chairman; Mrs. Guy Ferguson, district secretary; Mrs. Dan Shepstail, district sergeant-at-arms; and Mrs. Harold Rarick, unit president.

Mrs. Adamson gave a detailed report on rehabilitation of veterans, telling also of the Christmas program—"Gift for a Yank that Gave," sponsored by the American Legion throughout the nation. Every organization that participated last year is asked to prepare gift boxes again this year.

Mrs. Danielson explained the extension courses for disabled veterans in the hospitals and the convalescent veterans at home, made possible by the American Legion Auxiliary and dispensed through the University of California. She stated that to date the sum of $15,000 has been spent on this program by the department of California.

Mrs. Ethel R. Marsh, past department president, welcomed as new members of the Upland unit, Mrs. Nicholas W. Brian, Mrs. E. E. Carter, Mrs. Harvey Pesterfield and Mrs. Robert Traylor. Other local guests at the meeting were Mrs. Watts M. Cate, Mrs. Kenneth Harris, Mrs. Thomas H. Settle, Mrs. Julia J. Cutler, Mrs. V. C. Harter and Mrs. John Triplett.

Prize Winners in PTA Membership Drive Announced

A total of 450 members was obtained in the recent membership drive conducted by the Upland Parent-Teacher association, according to a report given by Mrs. W. R. Farmer, membership chairman, during a meeting of the executive board held Wednesday at the school.

The prize winning rooms were announced as Mrs. Grant Robbins' second grade and Miss Marjorie Sheldon's fifth grade in the Elementary school, and George Newman's seventh grade in the junior high school. The cash awards will be presented to the rooms next week.

Mrs. Frank A. Martin, representative from the Eighteenth street school, was introduced as a new member of the board.

Tentative plans were made for a rag drive later in the year, and it was announced that the Ontario Council will meet in Upland on February 22. Mrs. Theo Davis, the president, presided over the meeting.

Others present were Mrs. James Flocker, Mrs. Bert L. Reeds, Mrs. Ernest R. Camfield, Mrs. Poli H. Sanchez, Mrs. Eugene L. Mueller, Mrs. Clifford Flower, Mrs. Lester O'Neal, Mrs. Earl L. Wenger, Mrs. John Buckwalter, Mrs. William Morrow, Miss Jessie Brown, Mrs. John Young, Mrs. Grover Braden, Mrs. Frank A. Martin, Mrs. W. R. Farmer, Mrs. Nellis C. McNeil and Harold W. Cook.

Navy Hospital Patients Enjoy Halloween Party

Thirty-two junior hostesses from the Ontario-Upland USO went to the Naval hospital at Corona Tuesday evening to participate in a Hallowe'en party for all patients who were able to attend. Mrs. J. H. Titus and Mrs. Frank Phillips accompanied the young women.

The affair was sponsored by the Red Cross, and the Red Cross workers were assitsed by the Gray Ladies. There was much entertainment, with fortune-telling and numerous booths, and refreshments in keeping with the holiday were served.

Junior Hostesses Will Meet Tuesday For Reorganization

Because of the closing of the Ontario-Upland USO on December 1, junior hostesses who have been interested in USO activities will meet at the center Tuesday evening at 7:15 to re-organize, and to discuss what services they can give now.

Miss Ruth Cowan of the Los Angeles USO, a national authority on junior hostess activities, will be present to speak to the girls and make suggestions for future work. Miss Joy Harford is president of the group.

Also present at the meeting will be Mrs. J. F. Grass, Jr., Mrs. Jerome H. Titus and Mrs. Frank Phillips, junior hostess chairmen.

COAST STATISTICS

Cleared from West coast Army ports of embarkation to meet the requirements in the Pacific were two and one half million troops and more than 44 million ship tons of cargo during the 45 months prior to V-J Day.

Mrs. Hawkinson Speaks to Maratha Guild Members

Mrs. H. W. Hawkinson, Chaffey faculty member, gave excerpts from diaries she kept in her early life to entertain members of the Maratha Guild of the Upland Presbyterian church at their meeting Tuesday evening at the home of Mrs. Howard J. Kilmurray, 297 Lomita drive, Alta Loma.

A routine business session was conducted by Mrs. H. Bruce Claflin, the president, and Mrs. Frank E. Tomkins led the devotions.

Mrs. Frank Hubbard assisted Mrs. Kilmurray in serving refreshments during the social hour which concluded the meeting. Decorations were in the Hallowe'en motif.

Guests were Mrs. Wallace Stoebe, Mrs. George W. Jackson, Mrs. Clarence F. Clements and Mrs. Hawkinson. Members in attendance included Mrs. Claflin, Mrs. Tomkins, Mrs. George A. Miller, Mrs. Henry M. Busch, Mrs. John Miller, Mrs. Paul Coronel, Mrs. Allan S. Barr, Mrs. Ralph Scott, Mrs. Ellery F. Wright, Mrs. Hugh Whaling, Mrs. Robert Salisbury, Mrs. J. B. McCarter, Mrs. S. P. Tipton, Mrs. Floyd M. Campbell, Mrs. Frank Hubbard and the hostess.

Presbyterians Hear Talk On Rehabilitation

Johnston E. Walker, director of education at the California Institute for Men at Chino ond former principal of the Pomona high school, gave "Impressions of a School Teacher Now in Prison" as the afternoon program for the monthly meeting of the Woman's Association yesterday in the social hall of the church.

In the four years that the institute has been established there have been 3000 inmates, and there are about 450 now. The men are given every chance to learn trades so that they can adjust themselves to regular life again, and the 22 men on the faculty make an effort to teach them the desirable things of life. Among the businesses taught are auto mechanics, shoe repairing, laundry, welding, baking and farming in all its phases, the speaker said.

Mr. Walker had on display a number of articles made in the hobby shop, which offers facilities for men who have difficulty in working out mental problems to keep their hands busy.

He told of the definite religious program, with a visiting Jewish rabbi, a Catholic priest and a Protestant minister. The speaker concluded by saying that he feels that the institute is a project in applied Christianity and that he and his fellow workers in giving their services come closer to the cross than in anything they can do.

Mrs. Henry M. Busch, president, paid a tribute to Mrs. Harriet Brown, an active member, who passed away last week. Mrs. J. Emery Sargent led the devotions.

During the morning session, after the usual routine business, Mrs. Claude B. Mattox gave a report of the recent Presbyterial meeting held at the Monte Vista Grove home in Pasadena, and Mrs. Busch told about the home, which is for retired ministers and missionaries and their wives.

The group headed by Mrs. R. C. Norton served the noon luncheon. The tables were decorated with chrysanthemums by Mrs. George A. Miller.

Weekly Dances at USO Headquarters Are Discontinued

The dance Friday night at the USO headquarters, sponsored by the Upland Post of the American Legion, was the last of one of the most popular features of USO work during the war years.

Since the USO opened in Ontario on October 23, 1942, there has been a dance for servicemen every Friday night. The first year these were held in the Upland Woman's clubhouse, with Mrs. Howe Combs and Mrs. Scott Gray in charge. After the USO moved to its present location in October, 1943, some organization has sponsored the dance each week.

Among the clubs participating are the Alta Loma Service club, Upland Lions, Upland Rotary, Ontario Rotary, Upland Masonic club, Upland American Legion, Ontario Lions, Cucamonga Service club, Ontario Masonic club, Ontario Kiwanis, Ontario 20-30, Upland I. O. O. F., and Ontario Elks.

Mrs. George Keyes was dance chairman during the first year at the present location; Mrs. A. C. Reynolds supervised during the second year, and Miss Alberta Schaefer has been in charge the past several months.

The dance committee was composed of Miss Helen Hickman, Mrs. Gray, Mrs. Keyes, Mrs. Reynolds, Mrs. Leo Lucas and Mrs. S. N. Breese.

Fidelis Class Members Hear Book Review

Mrs. Clifford Wetherbee reviewed "They Found a Church There" for members of the Fidelis class of the Upland Methodist church at their monthly social meeting recently in the church parlor.

Mrs. J. Arthur Betz, the president, conducted a short business session, and Mrs. D. C. Anderson led the devotions.

Refreshments were served during the social hour by the hostesses, Mrs. Merl D. Kough and Mrs. Howard Hill.

Present were Dr. Samuel Hughes, Mrs. U. S. Standlea, Mrs. C. W. Southworth, Mrs. A. E. Armstrong, Mrs. J. C. Tracy, Mrs. Cecil M. Chambers, Mrs. Clara R. Jacobs, Mrs. Kathleen Sampson, Mrs. D. C. Anderson, Mrs. Clifford Wetherbee, Mrs. Ethel Rose, Mrs. Chester A. Watson, Mrs. J. Arthur Betz, Mrs. Thomas E. Craig, Miss Lois Juckett, Miss Elizabeth Fossett, and the two hostesses.

❖ ❖ ❖

Mrs. Paulin Hostess To Merry Wives

Providing a pleasant afternoon for members of the Merry Wives club, Mrs. Grace Paulin was hostess Friday at her home, 771 North Second avenue.

The time was spent socially, and refreshments were served by the hostess.

Guests of Mrs. Paulin included Mrs. F. H. Manker, Mrs. D. D. Crew, Mrs. Perry O. Long, Mrs. George Gregg, Mrs. Isabelle Brown, and Mrs. C. K. Francisco.

Victory Drive Funds Mount

Sale of war bonds in the Eighth and final Victory Loan drive for the City of Upland has already reached $80,500, John W. Shepperson, chairman of the campaign here, revealed today.

"It's a little too early to judge as yet, but so far as we can see purchases of large amounts are quite encouraging," Mr. Shepperson declared. "However, the purchases of small amounts is not so encouraging.

He urged smaller investors to purchase their bonds of $25, $50 or $100, or a multiple of all three, as soon as possible so that Upland can again meet its quota far ahead of most of the other cities in the state.

"The larger investors realize the good investment value of war bonds; it is the smaller purchasers who may need the urging," he said.

The Victory Loan drive began to gain momentum today and indications were that Upland would again be one of the first to reach its quota in Southern California.

The quota this year is $235,000 and the Upland Victory committee is confident that it will not be too difficult to attain. Last year the quota of $900,000 was met early in the drive.

John W. Shepperson, chairman of the local committee, again called on all Uplanders to begin their purchase of bonds immediately. He said that this community had a reputation for its support of national and local campaigns and he hoped that they would continue their splendid record.

There will be no house-to-houes canvassing unless it become absolutely necessary, Mr. Shepperson said. There has been no need for any in the past.

Civic and fraternal groups all over Southern California had indicated that they intend to mobilize their forces for aggressive Victory Loan drives all over the state. Two, the Shriners and Elks are both confident of attaining the high goals they voluntarily set for themselves.

First of these organizations in Southern California to get "on the firing line" for the drive were the Shriners of Al Malaikah Temple clubs affiliated with the Temple. They have undertaken to provide $10,000,000 for the Treasury exclusively from the sale of Series E Bonds. Over 100 presidents, secretaries and ambassadors, representing Shrine clubs from Santa Ana to San Luis Obispo, held a kick-off rally at the Temple on September 24.

Rehabilitation of wounded servicemen and support of the Victory War Bond drive were keynoted at the state convention of 80 California Elks lodges in Los Angeles on October 3 and 6. Stephen A. Compas, president of the California Elks association, announced that his affiliated lodges again has accepted a bond drive quota of $50,000,000 of which $20,000,000 are to be in E bonds.

University Women To Sponsor Indian Play November 8

For the November meeting of the Pomona branch of the American Association of University Women, the group will sponsor a benefit performance of "Taos and Tonita" in "The Calling of the Rain" on Thursday evening, November 8, at 8:15 o'clock in Holmes Hall, Pomona college.

This is a dance drama of the Pueblo Indian, and depicts the humor and romance of Pueblo life.

Proceeds from the entertainment will go to the Fellowship Awards fund to aid in a project undertaken by the branch—a plan for emergency international study grants to bring women from the liberated countries for study.

Everybody is invited to see the play, and it is promised that old and young will enjoy it.

* * *

Business Women Inviting Public To Hear Speaker

John Anson Ford of Los Angeles, supervisor of the Third District, will speak on "The Future of the Negro Race in California" before members of the Upland Business and Professional Women's club at their next meeting, Thursday evening, November 8, it was announced today by Miss Olive Wilkowske, the president.

Since Mr. Ford is so well known and because his topic is of particular interest, the meeting will be open to the public beginning at 8:15 p. m. when Mr. Ford will speak.

The education committee, headed by Miss Julia Rising, and the health committee, of which Miss Mary McGilvra is chairman, are in charge of arrangements for the evening.

Citizens Object To Steam Engines

(Continued from Page 1)

ment from the company on when it intends to stop the use of steam engines.

"What has San Bernardino got that we haven't got?" he asked.

PUT IN WRITING

He said he was willing to let the matter rest so long as Mr. Casey promised that the use of steam engines through the city would be discontinued by the end of the year.

"But I'd like to see that in writing. Something in black and white means a lot more," he declared.

Mr. Casey agreed to write a letter to Mayor Gene Nisbet confirming his promise that steam engines would not be used by the first of the year.

Mr. Dennis, who led the protest with Mr. Barbour, said at the beginning of the meeting.

"The establishment of a freight line without question in my mind and belief will take money out of my pocket. It will do financial damage to every piece of property along the way."

OTHERS PROTEST

Several other residents whose homes are near the Pacific Electric tracks spoke briefly supporting the contentions of Mr. Barbour and Mr. Dennis that the use of steam engines was not only depreciating the value of their property but was a nuisance and a hazard as well. A few poultry farmers said that the whistling of the engines frightened their chickens and hampered their egg-laying capacity. Many objected to being kept awake at night by the whistling and by the fact that some crossing signals sometimes ran all night long.

Welcome Home, Boys

To all the men from this area who are returning back to their homes after receiving their honorable discharges from the armed forces, the Upland News, in behalf of a grateful people, says, "Welcome home, boys, and thanks ever so much.

Three Receive Third Degrees Tuesday

Euclid Lodge 68 conferred third degrees on Ted Abelscuzen, Hubert Ewing and Howard A. Miller at their regular meeting last Tuesday night.

The group will meet again today when initiatory degrees will be conferred on five candidates. Oyster soup will be served after the meeting.

The first step in building a sound family of nations is to build a nation of sound families.

GUEST SPEAKER

Sunday morning the First Presbyterian church of Upland will have as their guest speaker, Dr. Peter Lerrigo. For some years Dr. Lerrigo was a medical missionary in the Philippines. Since that time he has been an executive secretary in the New York board rooms of the National Foreign Missionary society of the Baptist church, and has been engaged specifically in the international phase of the work.

An extremely daring bonnet is only for the woman who need not live with her millinery mistakes.

"Lemonade—Made In the Shade"

Sunkist photo

Summertime lemonade stands, managed by enterprising American youngsters, have been familiar neighborhood scenes for many years. The lemonade habit is formed early and while the youngest generation may not be interested in the health value of the beverage, they know it for the "coolingest, refreshingest" summer drink of them all.

Kaiser Building To Start Within Two Months

Actual building in the Kaiser Co. reconversion program will be started in about two months, the delay being necessitated by the vast detail required in getting construction plans prepared and approved, it was reported today from the steel mill office.

Once started, the rebuilding program will require about a year's time for completion, according to Frank Bort, process engineer. When finished, the mill will be able to handle almost any order from any commercial concern, it was explained.

"It is estimated that by the time the company gets the plans prepared and approved by the R. F. C. and the McKee Co., steel plant designers, two months will have passed," Mr. Bort said.

In the meantime everything possible is being done at the Kaiser plant to get ready for changing the mill over from wartime to peacetime production.

Girl Violinist Began Career at Age of Eight

Erica Morini, violinist who will present the first of the fifteenth season program of the Claremont Artist course in Bridges auditorium, Friday evening, November 9, began her brilliant career as concert artist and soloist at the age of eight.

Miss Morini has played as soloist with many of the leading symphony orchestras of this country, and has been acclaimed as a master violinist by critics and audiences in this country, in Europe, Australia, and the Orient.

TOO DRY?

Candidate: How did you like my speech on our agricultural problem?

Farmer: Not bad, but rain would do a lot better.

The oldest school building in the United States is on the campus of the University of South Carolina.

Nations, like persons, have to work out their own salvation.

ABOUT PEOPLE

Mr. and Mrs. J. Harvey Siegrist, 608 North Laurel avenue, left this afternoon to spend a week at Palm Springs and Cathedral City.

Radio special—metal leaf rake, only 89c at Western Auto Store.—Adv. 53-1.

Miss Virginia Dunagan, daughter of Mr. and Mrs. Earl Dunagan, 1450 West Ninth street, submitted to a tonsillectomy Wednesday at Green Memorial hospital.

W. L. Elliott, who recently came to Upland from Cincinnatti, Ohio, has opened a furniture refinishing shop in the rear of 608 North Laurel avenue. Mr. Elliott is residing temporarily at 243 North First avenue, and his family will soon join him in Upland.

Get the Karasoid mattress cover and give new and longer life to your old mattress. It is waterproof, dustproof and stainproof. Upland Furniture Co.—Adv. 53-1.

E. O. Bowden, local real estate dealer, has returned to his office at 313 Second avenue, after an absence of several weeks. In poor health for a short time, the longtime Upland resident has gained in strength and is now observing regular business hours.

Mr. and Mrs. A. S. Wenger have returned from an extended trip east, where they visited in their former home cities, Chambersburg, Pa., and Abilene, Kan. They left the latter part of September and returned Saturday. Mr. Wenger, employed by the city street department, has resumed his work.

Miss Shirley Mason, daughter of Mr. and Mrs. Howard N. Mason, Hillcrest drive, San Antonio Heights, left last week for Berkeley, where she is now enrolled as a student at the University of California. She was a member of the 1945 graduating class of Chaffey high school.

Dr. and Mrs. Homer T. Goslin of Upland, are in Los Angeles where they will take a four day special course in visual training which is to be conducted by the widely known Dr. A. Nichols of San Francisco. Dr. Nichols specializes in visual training throughout the United States. The special course being taken by Dr. and Mrs. Goslin follows a three-day instruction in visual training at Pomona college by Dr. Nichols.

If you growl all day, it is only natural to feel dog-tired at night.

Miss Joan Randau, daughter of Mr. and Mrs. L. Vernon Randau, 157 G street, underwent an appendectomy this morning at Green Memorial hospital.

Mrs. James Carwell, 163 North Campus avenue, is a patient at San Antonio Community hospital, where she is convalescing from major surgery which she underwent yesterday.

Listen to the Western radio specials every day over KHJ at 6, 8, 12:45 and 10:45. Western Auto Store.—Adv. 53-1.

I will appreciate cooperation of any local residents in helping me obtain living accommodation for a new, permanent employe. He is essential. Excellent care assured. William Gilliland, Gilliland Gardens, Phone 318-315 or 614-542.—Adv. 53-2.

Appoint Mueller On Committee to Study Minimum Needs

Eugene L. Mueller, Upland police chief, has been appointed on a committee of 15 California police chiefs to make a survey for the possible establishment of a minimum standard qualifications for entrance into law enforcement work. Howard Zink, police chief at Palo Alto, is chairman.

"This is one of the most progressive things that has ever happened in this state," Chief Mueller declared upon receiving this notification of his appointment.

The committee is expected to make a report of its findings to the executive board by the first of the year when definite action may be taken. The Peace Officers' association of California has been desirious of establishing minimum standards for quite some time.

Walker's Employ Vegetable Buyer

R. L. Green has been appointed vegetable buyer for the Walker markets in Upland, Glendora and Fontana. Mr. Green was employed by the Kaiser Co. during the war years and is now returning to the firm he left when defense work called him.

Mr. Green has resided in this area for many years and lives with his family in Ontario.

Huge Gain in Number of New Firms

Number of new firms starting up here and throughout the county has increased 125 per cent since end of the war as compared with the same period last year, Francis Johnson, local representative of the state board of equalization, revealed today.

The state board is in contact with the situation due to the necessity of firms applying for sales tax permits when new establishments are being formed and when there are any changes in ownership. The San Bernardino office of the state board serves San Bernardino, Riverside and Orange counties.

Mr. Johnson said that during the war period a daily average of 20 applications for sales tax permits were issued. During the last month the daily average has been 50 sales tax permit applications, a figure far greater than had ever been recorded previously.

"It just means that more firms are being established," Mr. Johnson explained. "While we have not made any analysis, we know that many veterans are getting into business. Each business must have a sales tax permit and the number of new firms being formed is amazing."

Kaiser Co. Mortgages For 114 Millions Are Recorded

Giving official assurance of the fact that the Kaiser Co. has obtained funds from the R.F.C. for its reconversion program is the recording in the courthouse of mortgages totalling $11,328,380.

The mortgages, greatest in the county's history, were placed by the Reconstruction Finance corporation on Kaiser Co. property in San Bernardino and Riverside counties.

CALIFORNIA GAINS

California was responsible for most of the gain of 11 per cent in receipts from crops in the western region in 1945 over last year. This rise in income was largely from increased receipts from this state's truck crops, cherries, and oranges.

In 1830 the seed of an unusual variety of morning glory sold for twenty dollars.

War Chest Quo Is Nearly Met

"When all contributions a we believe we shall make quota," said Howard N. M War Chest and Welfare fund c man, today, in announcing only $300 remains to be raise Upland to make its quot $10,625.

The announcement by the land chairman, indicates that residents have exceeded the re made by the state as a whole only 63 per cent of the state q raised. California War Ches day announced it had extende Victory campaign to Novembe According to the statement the state headquarters the en the war, with the consequent down in enthusiasm made it essary to extend the time.

Mr. Mason today expressed preciation to Upland citizens their response.

Earl E. Hawthorne, solicita chairman, requested that rec tion be given to the captains w conscientious efforts resulte the record being made by Up

Captains who worked under Hawthorne's direction incl Clifford Jellison, Oris Heina Mrs. Pearl Smith, Mrs. H Combs, Mrs. E. J. Moore, O Brady, Clinton Mayberry, Hi Wright, Mrs. Edwin Wicksti Mrs. Blanche Loch, Bert He Miss Clara Lou Nisbet, Glenn wood, Mrs. Kendall Hill, Charles Taylor, Mrs. C. R. C man, and Rollin Lemon.

The captains likewise expre their appreciation of the wor who assisted them in the house house canvass.

Capt. Marvin Moor Killed When Plane Crashes Wednesday

A post-war fatality is Cap Marvin, E. Moore, Ontario, was killed when his plane, bound from San Bernardino, cra ed near Palm Springs Wednes He was the son of Mr. and Frederick Molke, 1119 North vin avenue, Ontario.

Killed also in the plane cr was Tech. Sgt. Ralph H. W man, Willisville, Ill.

Both men were veterans of c bat fighting. Captain Moore served 22 months overseas. He recently been assigned as a recruiting officer for the count

A little courtesy now and is relished by the best of men

Chaffey to Enroll Vets For New Courses Soon

Plan Special Registration For November

In order to accommodate the increasing number of veterans who want to attend Chaffey Junior college, a mid-semester registration will be held this year on November 12, Leo Wadsworth, director, announced today.

This is the first time in the history of the school that new classes have begun at this early date. But due to the fact that many veterans are receiving their discharges at this time and do not want to wait until February to enroll, Chaffey has arranged for this special registration.

Under the new plan students beginning classes in November will be allowed to work double time so that they can complete their courses by February. They will be limited, however, in the number of courses they can take as it is believed that a full program at double time would be too much of a load for any one person to carry.

The courses to be offered in November are English, American institutions, all branches of mathematics, business courses such as typing and machine calculation, aeronautical engineering, public speaking and music.

Although this new mid-semester registration is primarily intended for returning veterans, there will be other students who will wish to make adjustments in their courses or who have found it necessary to drop courses who will want to re-enroll at this time.

German Prisoners Help War Chest

German prisoners of war at the Camp Haan stockade added an interesting highlight to the camp's support of the Victory Chest Drive when they petitioned the officers in charge for permission to contribute to the international chairity cause.

They received permission and contributed a total of $519.47. The money was contributed from funds they had earned as prisoners of war under the rules of the Geneva Convention.

Vets Doing Well At Junior College

"They're doing a fine piece of work."

That was the way Leo Wadsworth, director of Chaffey Junior college, characterized the 60 veterans who are enrolled at Chaffey.

"They're different than the rest of the students," he declared. "They're not afraid to work and take my word for it they're working and working hard."

Judging from scholastic records now available, it is very probable that at least three veterans will be awarded scholarships at the end of the semester, Mr. Wadsworth said. Is is even possible that one of them may win top honors.

Not all the veterans at Chaffey are attending under the G. I. Bill of Rights. Only 25 per cent are taking advantage of government aid, with the rest paying their own way.

Man, 85, Goes To Homecoming

W. E. Boulton, 406 North Euclid avenue, may have been 85 last April, but he's still going to be present at the University of Missouri homecoming on November 17.

He and Mrs. Boulton left today for Columbia, Missouri, to see the homecoming game between Missouri and the University of Oklahoma and to visit relatives in Columbia and St. Joseph.

This will be the first time that Mr. Boulton has returned to his alma mater in 45 years. He graduated with a B.S. degree from the University of Missouri in 1883. In 1886 he received his master's degree and in 1887 his law degree.

Although there is no official word on it as yet, it is believed that Mr. Boulton may be the oldest graduate to attend this year's homecoming ceremonies. He is the last of several brothers to graduate from Missouri.

Driver Falls Asleep At Wheel; Runs Into Parkside Fence

Kenneth W. Kenney, of 980 Central avenue, San Bernardino, will be tried in the Upland justice court next Friday, November 9, for violation of city ordinance 81, involving property damage.

He was picked up by Upland police early Thursday morning on the corner of Campus avenue and Foothill boulevard where he was found fast asleep in his car. According to police Kenney fell asleep at the wheel and the car swerved off the road into the fence at the Parkside project destroying 75 feet of the fence.

PAJAMA PARTY

The Woman's Athletic association will hold an overnight pajama party at Chaffey at 5:30 p. m. tomorrow. All those planning to attend are being asked to bring their own bedding.

Discuss Veterans' Housing Problems

The California Veterans commission met at Sacramento yesterday to search for a solution of the housing problem as it affects returning veterans.

William T. Sweigert, chairman of the commission, told Governor Earl Warren the conference "will seek a clear picture of housing conditions in California communities, and will attempt to develop a program for utilizing to best advantage the normal housing turnover. It will also attempt to develop a program for emergency and temporary housing facilities and an accelerated permanent building program."

Lions Told of Need for Strong Air Force

America must maintain a powerful air force, or else—

The war was won so that the world might have peace and to keep that peace. America must have a strong air force, huge air plane industry and a large number of trained reserves, according to statements presented at an outstanding program at the Upland Lions club meeting at noon yesterday.

Captain George R. Guyon and Lt. Leonard Ray from the San Bernardino air field, spoke at the meeting held in the Upland Woman's clubhouse. "Future of American Air Power" was Captain Guyon's subject and Lt. Ray presented sound motion pictures giving a visual record of the air corps and its accomplishments along with the navy and ground forces.

REMEMBER AIR STRENGTH

"Always remember the strength of American air power," said Captain Guyon. "We have lush, green, productive America—think of how much we have and of how little many other countries have."

At all times there are "Sawdust Ceasars" lurking throughout the world to change the sawdust into power, the speaker emphasized.

"In the first world war and in the second war, our enemies learned the lesson—they must knock out America first—and that is why America must remain strong," he continued and then added in his pointed, direct address: "Strength will keep America safe."

The next war will be "push button war" Captain Guyon said in quoting General H. H. Arnold.

A few minutes later Gen. Arnold's picture was flashed on the screen and the air corps leader's voice introduced a pictorial summary of how planes destroyed the enemies' power to wage war. The film depicted the wrecked factories, rail lines and bridges in Germany. The air invasion occurred long before "D" day and because of the destruction wrought by the planes, the ground forces were able to invade with a surprising ease, according to the film's narrator.

TWO POINTS DISCUSSED

Captain Guyon prefaced his talk on the air corps' future by discussing two points—surplus military goods and "G. I. Joe" as a problem.

Ernest H. Gibson served as program chairman and Ernest Olson, president, was in charge of the meeting.

Special guests at the meeting were Ted Atwood, who is here on a seven-day furlough from the navy, and George Whitney and Brad Whitney, sons of the late A. Bradford Whitney, a charter member of the club.

Good Grape Crop Certain

In spite of labor shortages and other difficulties, prospects for a good grape crop again this year seem almost certain, Ted MacLaren, manager of the Southern California Farmers' association, said today.

The first crop is just about finished with the second due to be finished in about a week, Mr. MacLaren said.

"It looks like we're going to have a good crop of grapes this year," he added.

Although final figures will not be available until the entire harvest is over, Mr. MacLaren said he thought the total would equal that of last year. Approximately 50,000 tons of grapes were picked in 1944.

The scarcity of labor which hampered the grape industry during the early part of the season has been considerably relieved by the availability of Mexican nationals. Although they were scheduled to return to Mexico on November 1, authoritative sources in Washington gave the "go ahead" sign on retaining them until May 1. No official action has yet been taken by Congress on the matter.

CAPTAIN CURRY CIVILIAN

Captain James Curry, who was assigned to the Mira Loma quartermaster depot east of here, has returned to civilian life, having been discharged Wednesday. He and Mrs. Curry recently sold their home at 267 West Ninth street. Mrs. Curry and their two children, will reside at Camp Baldy until the end of the current school term while Mr. Curry goes to the San Francisco bay area to enter business.

New Doctor

DR. LESLIE HOAG

Locating in Upland is Dr. Leslie Hoag, recently discharged from the army.

Physician Opens Offices Here

Major Leslie G. Hoag, recently discharged from the medical corps, is opening his office in the Craig, Weber, Williamson building, 404 North Second avenue, Upland, where he will temporarily take over the practice of Dr. A. L. Weber, who will be in the east for the next four or five weeks. After Dr. Weber returns to resume his practice, Dr. Hoag plans to establish his own practice in the same office building. Dr. Hoag is a member of the San Antonio Community hospital medical staff.

Dr. Hoag comes to Upland after three years service with the U. S. Army Medical corp. His army experience included duty at the station hospital air forces basic training center, Atlantic City; attending surgeon at the air forces regional station hospital, Greensboro, N. C., and staff surgeon for the headquarters air forces technical training command at St. Louis, Mo.

Prior to his army service, Dr. Hoag practiced medicine and surgery for six years in Spokane, Wash. He is a graduate of Northwestern Medical school, Chicago, and received his internship at San Francisco county hospital. He spent a year as resident in surgery and obstetrics at the San Joaquin County hospital, Stockton.

Dr. Hoag, with his wife and three children, is presently residing at 543 Granada court, Ontario, but his future plans are to live in Upland.

Various Violations Were Handled by Police Last Month

Of the 135 traffic cases during the month of October, stop sign violations headed the list wth 68, with speeding second with 38.

Criminal arrests for last month totaled 10 with the charges pretty evenly distributed. There were three cases of intoxication, two vagrancy, three disturbing the peace and two miscellaneous causes.

Other misdemeanors handled by the police during October were four cases of malicious mischief, three petty theft, eight stolen bicycles, four burglaries or attempted burglaries.

There were 18 auto accidents, most of them of a minor nature, and 52 prisoners were held in the Upland city jail during October.

Santa Fe Depot Work Advances

Work is progressing on the new Santa Fe station in Cucamonga and much interest is being shown in this major improvement for the community.

Tentative date for completion of the building is December 1. Robert McKee, Los Angeles, is the contractor.

Many Stores Remain Open Here on Saturday Nights

Most Upland stores close now at 5:30 p. m. on week days but many of the firms remain open until 8:30 o'clock and later Saturday nights.

Upland businessmen recently decided to close on week days at 5:30 p. m. but this action in no way affects the Saturday night closing time. Many stores remain open to serve people unable to shop earlier.

Invite Parents To Attend Big PTA Meeting

All interested mothers and fathers are invited to attend the meeting of the Upland Parent-Teacher association Wednesday at 2:45 p. m. in the auditorium of the Upland Elementary school and to hear an outstanding program, Mrs. Theo Davis, the president, said today.

The speaker will be Mrs. Daniel Dailey, home-making chairman for the California Congress of Parents and Teachers, and her subject will be "Together We Build Better Homes and Parents." Her talk will last for half an hour.

Mrs. Earl L. Wenger, program chairman, has announced as other entertainment, songs by Mrs. Grant Robbins' second grade room, and also selections by Miss Barbara Berkeley, director of choral music in the elementary schools.

Fifth grade mothers will be hostesses for the tea which will follow the program.

Local Housewives Turn in Less Fats

Upland housewives turned in 766 pounds, or only 88 per cent of their quota in household fats collection in Southern California during the month of September, a report from the U. S. Department of Agriculture disclosed today.

It had been hoped that the relaxing of meat rationing together with the increased incentive of four red points per pound instead of two would result in more fat than the quota called for. However, figures indicate just the opposite has happened.

While July figures in Southern California snowed 91.6 per cent of quota and August, 89 per cent, the September compilation shows that Southern California housewives met only 61 per cent of their quota assigned.

Member Drive For Junior Red Cross Begins

The American Junior Red Cross, the largest youth organization in the world, yesterday opened its annual membership campaign. The drive will continue for two weeks, and it is hoped to exceed the 20 million members of last year.

The Junior Red Cross was launched nationally by President Woodrow Wilson on September 15, 1917, when he invited school children to join the American Red Cross.

There is no set charge for membership, the amount usually being decided by the teachers of the schools. Ten schools are included in the Upland district—the junior high school, the Elementary, the Eighteenth Street and Sierra Vista, all in Upland; Camp Baldy, the two Cucamonga schools; Alta Loma, Etiwanda, Mountain View and Guasti.

Since the beginning of World War II, more than $650,000 have been sent from the national Children's fund to help boys and girls in war zones. It has not always been easy to arrange overseas shipments, but now that the war is over, opportunities for relief work will increase.

Typical projects have included nurseries for bombed-out children in Britain; shoes and stockings sent to Russian war orphans; clothing and food for orphaned refugees, and also medicines and vitamins; toys, games and books for repatriated children returned to the United States on the Gripsholm; dried milk and hard candy for children in the Philippines following liberation. Hundreds of thousands of gift boxes, filled with all sorts of educational gifts and necessities have been sent to children overseas.

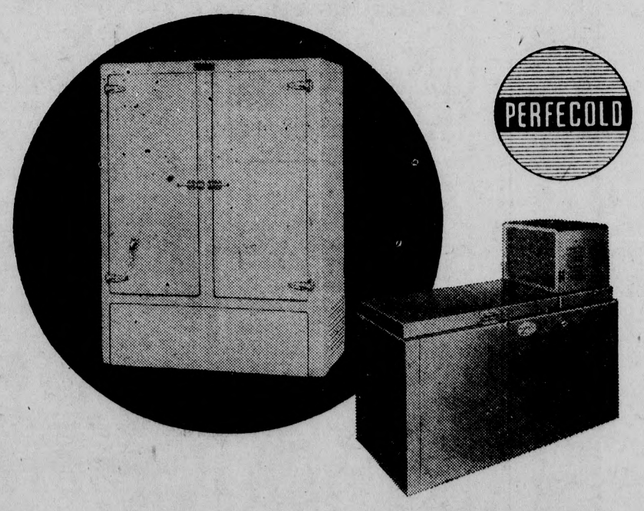
Besides the $200 which the Upland chapter sent to the Childrens' fund last year, the following articles were made and sent from the ten schools in this district to the Junior Red Cross for distribution wherever needed—128 story books; 24 pad and pencil sets; 151 cartoon books; 155 tray favors; 45 Navy menu covers; 24 bookmarks; 20 crossword puzzles; six cotton toys; 13 bedpan covers; seven cushion covers; 16 knit wash cloths; 12 bedside bags; 45 utility bags; 25 new games; 12 decks of cards; and 29 Junior Red Cross gift boxes.

Armistice Day May Or May Nat Be Holiday in Upland

Upland business houses will observe Monday, November 12 as an "Armistice Day" holiday if a majority of the store owners prefer that plan, J. Emery Sargent, Upland chamber of commerce secretary, reported today.

He has personally contacted some of the firms with sentiment evenly divided on to close and not to close. Merchants interested in the matter are to contact Mr. Sargent and express their sentiment, he reported. It is understood Ontario stores will not observe the holiday.

HERE AT LAST



THE PERFECT COMBINATION
For Complete Home Locker Service

Your PERFECOLD REFRIGERATOR, DESIGNED for EXTRA storage will properly chill, age and tenderize your juicy steaks as well as all your meats. It will keep those luscious fruits, vegetables and berries garden fresh. You freeze them at your leisure.

Your HARDERFreez HOME FREEZER makes your dream of "Year Around" choice of foods come true, with ample space for freezing over 100 delicacies. Everything from strawberries in January to peaches and cream at Christmas.

G. I. Joe Is No "Problem"— He's Planned To Be Just Plain Civilian—

Is G. I. Joe a problem?

Many thought he would be. Lectures were conducted here and elsewhere to help prepare civilians, wives and parents for the new "G. I." when he was returned to civilian life.

Now, many of the "G.I's" are back as plain "Joes". That's the way they want to be. From observations and from reports they are no "problem".

Captain George Guyon, public relations officer of the San Bernardino air field, in speaking at the Upland Lions club yesterday, emphasized that all G. I. Joe wants is a chance to quietly become plain Joe Citizen.

An Upland resident recently had an idea that it might be fitting to plan a community banquet to honor our local men who have returned from the service.

A survey was made, a brief one, but long enough to find out that the Upland men, back from the service, want no banqueting, no toasting, but merely a chance to enjoy normal civilian life.

Upland Selective Service headquarters reports that some, but not many, veterans are asking for assistance in getting re-located.

They are finding their own little nook, taking up life where they left it, and are rapidly getting back into civilian activities.

No, G. I. Joe is not a problem.

Let's forget that we ever thought he might be. It's a thrill to have the servicemen back.

USO Valuable Agency to Soldiers—and Civilians—

And so the USO closes! It was just an idea a few years ago.

That idea was timely and the USO was highly practical in providing wholesome entertainment and a "homey" headquarters for countless hundreds of servicemen stationed in this area.

The USO not only served the men in uniform but it also gave many civilians an opportunity personally to serve our soldiers and sailors. Many local individuals have from time to time served as hosts and hostesses and have observed how the men enjoyed the USO facilities.

The USO had efficient leadership. Half a dozen and more names of local women could be listed as the persons who were largely responsible for the fine administration and smooth operation of the day-after-day agency.

Closing of the USO brings to an end a fine wartime activity here.

Thanks to Those Who Give So Much in Time—

Parents—and people in the community as a whole—should be very appreciative of the unselfish effort given by many people in the character-building agencies and youth groups.

We are thinking of Boy Scout troop leaders, Girl Scout workers and Sunday school teachers. Every week many local adults give hours of their time in the interest of helping in youth groups. This week-end, for example, one church youth group is off on a "retreat"—with quite a few adults giving of their time and efforts for the betterment of the group. Scout troops are always participating in special activities and those activities are planned and directed by people who are interested in helping others and who are willing to give of their time and talents.

Without these leaders, we could not have the many activities for youths. We cannot make a complete list of these devoted, unselfish workers. We are sure people in the community, however, know who they are—and deeply appreciate their efforts.

U. S. Senator or Governor, Which Is Tops?—

To my mind the job of U. S. senator is more important and more of a "position" than that of governor of California.

Sheridan Downey doesn't think so, and . . . we are glad of that. Reports from Washington, D. C., are to the effect that the senior senator from Calfiornia is going to be a candidate for governor.

California, the scene of petty political squabbles, and the testing ground for extreme "Ham and Egg" ballot measures, is going to see a real fight among the top-notch leaders. Governor Earl Warren faces a strong fight for his position and the U. S. senatorial race between Lt. Gov. Frederick Houser and Senator Knowland is likely to be one of the toughest ever on the ballot.

Another Artist Season— People Here Appreciate Opportunity—

The civic concert series enjoyed another outstanding "opening" last night.

This is the fifth season for the Chaffey district to have a concert season and last night's attendance testified to the increasing interest in the nation's outstanding artists.

Helen Traubel, a pleasing singer and a charming entertainer, thrilled the large audience in the community's beautiful auditorium on the Chaffey campus.

People in the Chaffey district appreciate the opportunity to enjoy the great artists.

Cub's Need for Building Heard By Rotarians

Harold Anderson reviewed the outstanding baseball record of the Upland Cub Scouts during the past season and called upon the community to provide them with a recreation building soon at the luncheon meeting of the Rotary club at the Upland Women's club Wednesday.

Declaring that Upland has the largest Cub Scout pack in the United States, Mr. Anderson said that a building in which the Cub boxing ring could be placed should be provided this winter. Such a building is vitally needed in the community, he said.

Mr. Anderson also said that he was anticipating a successful baseball season for the Cubs since they will be more experienced than they were before. As it was they lost only one game last year and that was to the Pomona Cubs.

The Junior Rotarian for November, William De Young, president of the student body at Chaffey High school, was introduced to members by Eugene L. Mueller, Rotary president. Fred Alderman, of South Gate, was also a guest at the meeting.

The Board of Directors will meet Monday night at the home of President Mueller. Others in attendance at that meeting will be past presidents and new Rotary members awaiting induction.

Offer Free Booklets For All Sportsmen

The Sportsmen's Service bureau announces that, as part of an all-out safety campaign sponsored by the Sporting Arms and Ammunition Manufacturers' institute, bulk allotments of the institute's new illustrated "Ten Commandments of Safety" leaflets, printed in two colors, will be sent free to sportsmen's clubs, sporting goods dealers and others desiring to distribute them to individuals.

Requests for leaflets — stating number that could be distributed to advantage—should be directed to Sportsmen's Service bureau, 103 Park avenue, New York, 17.

Duck Season Begins Today in California

The general duck season opens today in California. A poll of the average duck hunters' desires last spring by the Associated Sportsmen of California proved an early November opening date would suit them more than any other save in the far northern counties.

Daily limit on ducks is 10 in the aggregate, all species (one may be wood duck). Possession limit, two daily limits except on opening day, and only one wood duck. Daily limit on geese, Snow and White fronted (Specks) four singly or in the aggregate and two other geese (Honkers, Hutchins, Cacklers, Brant, etc.). Possession limit, two daily limits, except on opening day. Shooting time, one-half hour before sunrise to sunset.

HEALTH INSURANCE

Dishwashing is one of the menial household tasks but don't slight it. Dishes should be washed in soapy suds and rinsed in water which reaches at least 180 degrees F. to protect health. To do this, place washed dishes in a porcelain enameled dish pan and pour hot water over them. Let stand a few minutes before draining and drying.

Upland Police Find Stolen Car Again

Another car which was reported missing early Thursday morning was found a few hours later a few blocks away.

The car, a green 1937 Packard sedan, belonged to Ben F. Adams, 586½ North Campus avenue, and was reported last seen in front of McLeiland's Battery shop. It was found a short time later by Upland police parked in front of the Hamilton Electric Shop, First avenue and Ninth street.

30 Young People Go To Forest Home for Three-Day Retreat

Thirty young people of the Methodist church left today for a three-day retreat at Forest Home. They were accompanied by Dr. and Mrs. Hughes and their sponsors, Mr. and Mrs. Harold Stickney and Thomas Sisto. They will return Sunday afternoon.

Girl Scouts Will See Broadcast

While all Girl Scout troops will attend the "Girl Scout" Listening Party" at the Upland Elementary school this Saturday afternoon to hear the coast-to-coast broadcast of Girl Scout Week, scout leaders and several senior scouts will attend the broadcast in Hollywood.

Heading the group who will be at the NBC studio Saturday is Mrs. G. J. Braden, president, who is representing this district, Miss Betty Walton, Mrs. John Mason and Miss Betty Hoppe, members of the Scout Council, will accompany Mrs. Braden to the conference. Scouts who will attend are: Bessie Cline, Dolly Dean, Beverly McKean, Gloria Myrick, Phyllis Myers, Peggy Palmer, Mary Puntenney and Alice Rohrbaugh.

Girl Scout Week was observed here with a varied daily program. Monday was homemaking day; Tuesday, citizenship; Wednesday, health and safety; Thursday, international friendship, and today arts and crafts. Tomorrow, in addition to listening to the Girl Scout broadcast, Scouts will celebrate "out-of-doors" day by going on a morning hike.

Paul M. Ynostroza Is Discharged

S/Sgt. Paul M. Ynostroza, son of Pedro C. Ynostroza of 333 Monte Vista avenue, was honorably discharged today from the separation base at Santa Ana.

Sgt. Ynostroza is a veteran of 60 months of service in the Army Air forces. He served in the Pacific theater of operations as a clerk with the 11th Air Force for 20 months.

The AAF has awarded him the Pacific Theater ribbon.

American Army personnel stationed in England wrote 258,000,000 V-Mail letters to friends and relatives in the United States between June, 1942, and August, 1945, Ninth Service Command headquarters at Fort Douglas, Utah, learned today. During those 37 months they in turn received 259,000,000 V-Mail letters from this country.

Students Attend Farmer Field Day

Students from Chaffey will attend the Future Farmers Annual Field Day at the Charles Robinson Ranch in Chino tomorrow.

A total of 39 high school teams will participate, representing San Bernardino, Riverside, Orange, Ventura, Los Angeles, and northern San Diego counties. The event is sponsored by Bank of America's Livestock Loan department, southern division.

The program, which will start at 9:30 a. m., will include livestock judging, a barbecue and demonstrations and presentation of awards. B. R. Denbigh, regional supervisor of Future Farmers of America, and Leslie Waight, agricultural instructor at Pomona high school, will be in charge of judging. A silver placque will be presented to the high point team.

Demonstrations on how to groom a beef steer, heifer and dairy calf for showing will be given by J. J. Thompson and Harry Parker of San Luis Obispo.

Readers Pay $50.78 In Fines to Public Library in October

A total of $50.78 in fines were collected by the Upland Public library during the month of October, Mrs. F. H. Manker, city librarian, reported today. Fiction lead the list of books taken out with 3427, while 1409 nonfiction books were in circulation during last month.

ARTHUR WATERMAN DISCHARGED

Arthur Waterman is wearing a discharged emblem today after serving three years in the Seabees and later in the regular navy. During most of the actual war period the former Uplander was in the Seabees and in the thick of the construction activities on the island outposts. His most distance point from home was 7160 miles, he said today. Recently he has been in the navy, from which he was discharged late last week. He is the grandson of Mrs. Mary Waterman, 309 North Laurel avenue. His wife and family reside in Ontario.

Weber's BREAD-TIME STORIES

KITCHEN TRICK

WHEN MAKING pancakes part of the main meal for supper, try adding one to two cups of finely chopped shrimp or minced clams to your regular batter. Oysters are also delicious.

HOUSEHOLD HINT

SPEND ABOUT fifteen cents for some kerosene and keep it on hand for cleaning your screens. Just tack an old piece of carpet on a block of wood and rub it over screen. Does a grand job.

RECIPE

LEMON PEARS

4 pears
¼ c. boiling water
2 sticks cinnamon
½ lemon, thinly sliced
⅛ tsp. salt
5 tsps. lemon juice
1⅓ c. corn syrup

Blend lemon juice, salt and corn syrup. Heat, add pears which have been peeled, halved and cored. Simmer until tender. Add cinnamon and sliced lemon which has been cooked for ten minutes in water. Cook five minutes then chill.

OVEN FRESH

WEBER'S HAS that oven freshness that adds up to good taste! Provides extra energy because it contains all the vitamins and minerals natural to 100% whole wheat. Ask for Weber's at your friendly grocer's.

EVERY RESIDENT IS ELIGIBLE

Every family in Upland, Alta Loma, Cucamonga, and Etiwanda is included in the Upland Merchants' Dividend Day. A directory has been especially compiled by The Upland News. This directory includes every house address in these communities—Upland, the outlying district, and the three communities east of Upland.

A page number and line number are selected in a drawing to determine where the "Dividend Day Man" will call with the award. Thus, an address is selected from the directory. If the family receiving the call qualifies by having sales slips, the award is presented. The call is made at 6 p. m. every Monday. The sales slips must be dated Saturday.

The dividend sales do not have to be for cash, a "charged" sales slip being acceptable. In all fairness, however, a sales slip for payment on account cannot be eligible for use on dividend day.

2,000 See New Ford Car Here

More than 2,000 persons have seen the new Ford automobile in Upland.

That was the report today of Ellery F. Wright, local dealer, in reporting on the wide interest shown in the 1946 model since it was "unveiled" here last Saturday. Much interest has been shown by many individuals in the new model and Mr. Wright is also very much elated over the post-war product.

Many new features have been made in the car.

"Improved cooling has been achieved by the adoption of a new radiator pressure cap that maintains a constant pressure of five pounds inside the radiator," Mr. Wright said. "Ford is the first in the low-price field to incorporate this feature in regular production.

"Possibility of overheating under adverse conditions has been dealt another blow by the development of a new oil pump that circulates a greater volume of oil through the engine lubrication system at a high pressure.

"Like the V-8," Mr. Wright pointed out, "the new six-cylinder engine features aluminum pistons and four rings for greater oil economy, the new, improved distributor, oil filter and oil filtered air cleaner. It also has shot-peened and rust-proofed valve springs and a number of other features incorporated in the larger engine."

Scrap, Salvage Lumber Will Be Open to Bids

Word has been received by the County Conservation association in San Berandrdino that 300,000 board feet of scrap and salvage lumber is open for bid by farmers and others. Inspection of the lumber may be made week days prior to the opening of bids at 11 a. m. Thursday, November 8. Appointments may be made by contacting Lt. D. C. Drown or J. C. Thille, Supply Department, U. S. Marine Corps Air Station, at the El Toro Base at Santa Ana. Bid forms can be obtained from them also.

MANLEY BACK

R. G. Manley, Upland city manager, who has been ill most of last week, returned to his desk in the city hall Monday morning feeling in tip-top shape and ready to tackle the city's problems again.

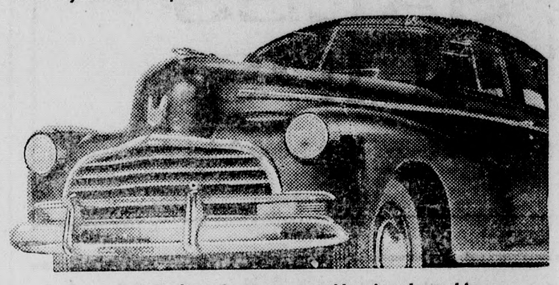
The Australian peppermint gums are the tallest trees in the world.

NEW 1946 MODEL CHEVROLET

The Stylemaster Sport Sedan

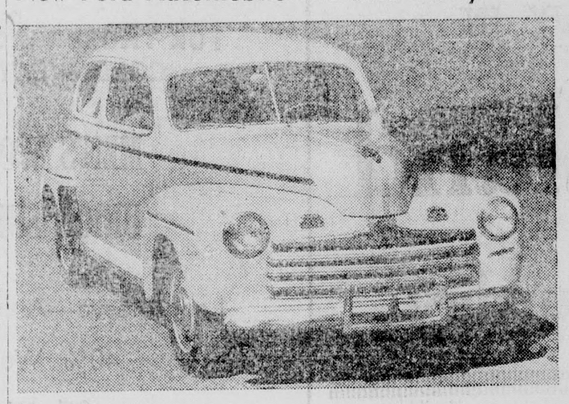
The new 1946 model Chevrolet, shown above, is outstanding not only for style-leading design, but for quality in materials and construction, advanced engineering, proved performance, economy and dependability.

Every line and contour emphasizes the massiveness and lowness of the vehicle from front to rear. The new, distinctive radiator grille, shown at the right, presents an expanse of gleaming chrome-plated horizontal bars, framed within a low-arched molding. A model of classic simplicity, it tends to emphasize width as well as lowness.



Front-End Styling Accentuates Massive Low Lines

New Ford Automobile Attracts Many



Shown above is the new Ford automobile which is on display at the Ellery F. Wright agency, 310 East Ninth street. Mr. Wright, the local dealer, estimates that more than 2,000 persons have seen the new car in the first week of its showing here.

Plan Campaign For Tourists

After a four-year, war-imposed interval, Southern California will be back in the tourist business by next summer with all its heart.

This was decided this week at the annual meeting of the All-Year Club of Southern California at the Los Angeles Biltmore hotel. The plan was announced by Willard Keith as he succeeded Porter Bruck as president of the organization.

The all-out campaign to revive the pre-war stream of free-spending visitors was voted after the membership heard survey reports showing that the area will need the stimulus of tourist spending within a few months to replace the wartime expenditures which for nearly four years have helped sustain the region's economy while the tourist industry was no-existent.

If you growl all day, it is only natural to feel dog-tired at night.

New Chevrolet On Display Here

Modern styling that accentuates massiveness in smart, low, sleek lines characterizes the new 1946 models of Chevrolet—the nation's No. 1 sales volume motor car in 10 of the last 11 years of peacetime automotive production.

The new Chevrolets will be shown at the Alan A. Couch agency tomorrow.

The new vehicles are presented in three lines, including the Stylemaster, offering unusual refinements in the lowest price bracket, the Fleetmaster, still further advanced in finish and appointments, and the Fleetline, most attractively styled model that Chevrolet has ever offered.

Outstanding style distinction is immediately apparent in the stunning array of colors and color combinations in which the 1946 Chevrolets are making their debut. For every regular model throughout the whole line there is a choice of six different color schemes. A range of three solid colors is provided, and in addition, ultra-smart two-tone hues are available upon specification, all in the newest and most appealing shades. All details of striping and trim harmonize tastefully and contribute further to outstanding smart appearance.

Striking effects are achieved through advanced treatment of color combinations. Rich shades in the darker hues are used on the upper structure, blending harmoniously with lighter shades below the belt molding, thus achieving an exquisite note in exterior styling.

First to come from the production lines is the popular Stylemaster sport sedan, a four-door model which is being featured in initial displays in dealer showrooms throughout the country today. As material availability and manufacturing are expanded, it is planned to broaden production schedules to include possibly such models as town sedans, business coupes and other types. Fleetmaster and Fleetline output will follow as soon as conditions permit.

Claremont Couple Buy Sargent Residence

Mr. and Mrs. Steven Koester have purchased the R. H. Sargent residence at 315 San Antonio avenue.

Mr. and Mrs. Sargent have purchased a residence at 248 Laurel avenue and both families have occupied their new dwellings. Mr. and Mrs. Koester came to Upland from Claremont.

Missildine To Open New Store Soon

C. Missildine said that he will occupy the business buliding at 27 North Second avenue soon, and that early this month he will open a modern plumbing establishment along with a department for gas and electric household appliances "kindred to plumbing and heating."

The store building is being vacated by the Siegrist Trading Post following the retirement from retail business by J. Harvey Siegrist.

Why is it that most golf courses have the rough where the fairway out to be?

Legal Notices

PUBLIC NOTICE

The City Council of the City of Upland, California, hereby GIVES NOTICE to the public and to all owners of real property within such city, that on Thursday, November 15th, 1945 in the Council Chambers in the City Hall therein, at 7:30 o'clock in the evening it will hold a public hearing upon proposed or contemplated changes in or additions to the present Zoning Ordinance of the City of Upland, and as hereinafter set forth.

That at such public hearing any and all persons having any interest therein may appear and be heard, either in favor of or against any of such proposed or contemplated changes or amendments.

The proposed or contemplated changes or amendments are as follows:

1. (a) Change from M-1-B Light Manufacturing to R-3 Residence, all territory along both sides of the Atchison, Topeka and Santa Fe railway right-of-way, from the east line of Lots 617 and 630 Ontario Colony Lands to Euclid Avenue.

(b) Change from M-1-B Light Manufacturing, and M-2 Manufacturing and Industrial, to A-1 Agriculture, all territory along the north side of the Atchison Topeka and Santa Fe right-of-way, west of the east line of Lot 617 Ontario Colony Lands.

2. Change all territory in the C-3 Commercial and Business along Foothill Boulevard, as follows:

(a) To A-1 Agriculture all territory east of Campus Avenue.

(b) To A-1 Agriculture all territory along the north side of Foothill Boulevard west of Campus Avenue.

(c) To R-1-B Residence all territory along the south side of Foothill Boulevard west of a point 158 feet east of the east line of Second Avenue.

(d) To R-3 Residence, all territory along the south side of Foothill Boulevard, between a point 158 feet east of the east line of Second Avenue to Campus Avenue.

3. Change from A-1 Agriculture to R-3 Residence all territory in the Blakeslee Subdivision from Lot 1 to Lot 30 inclusive. (This is the Beulah College area).

4. Change from R-3 Residence to C-3 Commercial, the following: Beginning at a point on the south line of Arrow Highway and 275 feet east of the center line of Third Avenue, thence east along the south line of Arrow Highway 30 feet; thence south along a line parallel to the east line of Third Avenue 263 feet, thence west 93 feet, thence north along a line parallel to the east line of Third Avenue to a point 133 feet south of the center line of Arrow Highway, thence east 63 feet, thence north to the point of beginning.

5. In A-1 Agriculture east of Campus Avenue and in the area adjacent to Sixteenth Street, to permit the establishment of a possible Airport.

6. To restrict Multiple Family Residences in A-1 Agriculture, and to define the same as meaning structures other than hotels designed for or used to house more than one family living independently of each other.

7. To provide that no automobile trailer shall be used as a place of habitation upon any premises other than upon a site established therefor.

8. To provide a certain flexibility in the application of the Zoning law by permitting variance therefrom, when practical difficulties, unnecessary hardship, or results inconsistent with the general spirit and purpose of the Zoning Law may occur through the strict interpretation thereof; and providing the method whereby variance may be granted, when the same will not result in material damage or prejudice to other property in the same district or vicinity.

9. As there already have been several amendments to the original Zoning Ordinance, to provide that the original Zoning law, together with the amendments shall be set forth in a single new Ordinance and to permit any necessary or convenient modification of the language of such original Ordinance and amendments heretofore made thereto, so long as the spirit and purpose of the same are not modified or done away with in any substantial manner.

10. To define Rooming Houses, and to permit householders in Residential or Agricultural areas to take in roomers when such activity is only incidental and does not transform the household into a commercial rooming house as defined; and to define, limit or regulate rest homes in such areas.

11. To provide that a non-conforming use may not be changed to any other non-conforming use; and to provide for the gradual elimination of all non-conforming use through abandonment of use, obsolescence or destruction by fire or the elements.

12. To prohibit, limit, or regulate piggeries, rabbitries, goat farms and commercial chicken raising in the Agricultural Zone, and to provide that such uses are not to be considered permissive as merely incidental to agriculture.

13. To provide that no church or other public, or semi-public building may be constructed in the Agricultural or in any Residential Zone, without first securing the consent of the Planning Commission so to do; and to provide that in any such instance the Planning Commission may require that any automobile parking problems, or parking hazards in connection therewith, shall be reasonably and properly guarded against, and the public generally protected, by requiring that there shall be space provided upon the site itself for parking, or by some other reasonable and proper plan.

14. To zone for Park, or other public purposes, the following area: Bounded on the west by First Avenue, on the north by D Street, on the east by Second Avenue, and on the south by Pacific Electric right-of-way.

Dated: October 25th, 1945.

Churches Plan New Programs

Special evangelistic services will be inaugurated at the Brethren in Christ church, Third avenue at A street, Sunday evening and will continue until Sunday night, November 18.

Reverend Henry A. Ginder, of Manheim, Pennsylvania, will conduct the evangelistic services. Although this is his first appearance in the west coast, he has been very popular among young people and children in the east for many years.

Also at the Brethren in Christ church on Tuesday and Friday evenings there will be pre-sermon illustrated talks for children. Thursday, November 8, is family night and Saturday evening, November 17, is family night and special young people's night. Gospel singing and Bible messages will be included in each evening's service. The public is cordially invited to attend.

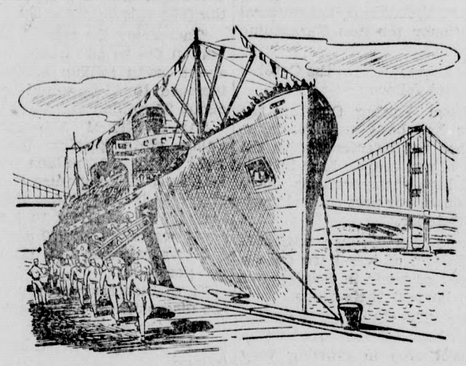
VITAL VICTORY FACTS about the great Victory Loan and how important it is to you and the business of your farm to buy EXTRA bonds in this final Loan!

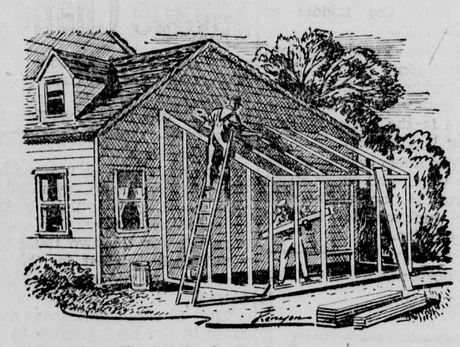
Seven times during the war you've been asked to buy *extra* bonds to help win Victory. Our fighting men have finished their job . . . let's finish ours! Buy *extra* bonds now . . . to help make Victory secure!



Victory Bonds will help pay the tremendous cost of winning the war. They will help bring our boys back home . . . will supply the finest of medical care for our hundreds of thousands of wounded.

Held by millions of Americans, bonds will provide a reserve of buying power to assure jobs . . . for veterans, for other workers. This reserve will help maintain prosperity for you and your community.

By buying bonds rather than scarce goods, we help keep the lid on prices . . . keep our pledge to fighting men to protect their dollars' buying power. We prevent inflation . . . and its follow-up of depression.



Victory Bonds form a reserve for "rainy days". They provide a backlog for needed farm repairs and replacements . . . for modern buildings, improved stock, better homes.

They hold dollars in store to pay for our children's education . . . right through college. Victory Bonds purchased today, will provide the scientific knowledge and training so necessary in the world of tomorrow.

The Following Public-Spirited Firms and Individuals Sponsor the Accompanying Announcement Relative to the Start of the Victory Bond Drive:

Sport Slants

By STEVE KALAGIAN

You've got to hand it to the boys who are doing the football playing at Chaffey Junior college.

Very few teams would continue trying to compete in an organized league with the handicaps that the Panthers have had to face this season. But they're a determined bunch of boys and you can't take that away from them.

Just a few days ago because of the heavy injuries on the team it was suggested that perhaps the game with Santa Ana ought to be cancelled. It seemed as if no one could expect them to play when several of their stars were so crippled that they wouldn't be able to play. And to make matters worse almost everybody on the squad was suffering from some form of injury or the other.

But the boys insisted on playing. They had a 12-0 defeat they had to avenge. Injured or not, they wanted to play. So, they're going to play tonight and whatever the outcome might be, you've got to hand it to the boys at Chaffey college. Why don't we all give them all a great big hand when they come out on the field tonight? They certainly deserve it.

Sometimes it just takes one fast running back to break up a ball game. That is what seems to have happened in the Upland junior high school and Chaffey freshmen game Tuesday afternoon. In their first meeting the junior high school won 19-7, but when they met again the Chaffey freshmen had a new back named Victor Rennick. That's all they needed because in the last quarter, mostly because of his speedy running, they pushed over two touchdowns and won the game 21-12.

Club in Meeting

The first meeting of the year of the San Antonio Library club was held at Chaffey library, Saturday morning, with Miss Dorothy Drake, of Scripps library, presiding.

It was a sectional meeting, with Mrs. Hardy of Pomona in charge of the school libraries section; Miss Alberta Schafer, of Ontario in charge of municipal libraries section, and Miss Larick, La Verne college librarian, in charge of college library section. Problems pertaining to each section were discussed by the members, the leaders giving a summary at the general meeting following.

During the luncheon, the Rev. Dallas Gladson, chaplain of the Institute for Men at Chino, was the speaker. He gave a very good description of the life of the institution and brought home to the librarians the need of books for the men and also the particular need for late magazines. The Upland library will receive such books and magazines if the citizens wish to donate for that purpose.

Mrs. F. H. Manker, librarian, and Miss Elizabeth Smith, children's librarian, represented the library at the meeting.

More Civil Service Positions Are Open

The United States Civil Service commission has announced new examinations for positions as pharmacist and clinical psychologist. Because a sufficient number of eligibles cannot be obtained from among veterans entitled to reopen examinations, these examinations have been opened to the general public, and all persons who qualify may apply.

Announcements and application forms may be obtained from the commission's local secretary, Harvey McMasters, located at post office, or from most first- and second-class post offices, from Civil Service Regional offices, or from the United States Civil Service commission, Washington 25, D. C. Applications should be sent to the United States Civil Service commission, Washington 25, D. C.

Spectacular Dances At "Lindo Mexico"

Jotas, sandungas, huapangos and jarabes are among spectacular dances of our neighboring republic included in the repertoire of the Mexican Players, titled 'Lindo Mexico," (Charming Mexico), being presented at the Padua Hills theater.

"Lindo Mexico" will be staged Thursday, Friday, and Saturday evenings, and Wednesday and Saturday afternoons, through November 17,, at the scenic hilltop playhouse, three miles north of Claremont.

Crippled Panthers Determined to Stop Santa Ana Tonight

A crippled but determined Panther team will meet Santa Ana junior college at Graber field tonight and try to avenge the defeat they suffered at the hands of the Dons earlier this season, 12-0.

With many of his stars on the bench because of injuries, Coach Clarence Calhoun considered for a time calling off the game. But the Panthers wanted another crack at Santa Ana, feeling confident that this time they stood a good chance of beating them.

The Panthers will be without the services of Roland Shamblin, halfback; Tom Fifield, left guard, Jimmy Lucas, quarterback, and Johnny Martin, fullback, who may be used a part of the game if his wrenched back will hold out. Many of the other boys are suffering from minor injuries.

The game tonight will start with all the odds in favor of the Santa Ana Dons. They have one of the largest squads in the conference and as a result have a large reserve to draw from. Chaffey, on the other hand, has one of the smallest squads, with most of them one the injured list. Also on the credit side for the Dons is that they have already defeated the Panthers, 12-0, and will be in there trying to do it again.

All that Chaffey will have on the field tonight will be grim determination.

Many Veterans Placed With Civil Service

The United States Civil Service commission announced today that more than 23,500 veteran placements—including placements of the wives of disabled vetearns and the widows of veterans—were made in the Federal civil service during September 1945. The September total represents an increase of more than 3500 placements over the August total of approximately 20,000.

The War Department continued to lead in the number of veteran placements for the month—9454. The Post Office Department was next, with 539. Veterans were also placed in large numbers in the Navy Department, in the Veterans' Administration, and in the Treasury Department.

Expect Heavy Second Grape Crop Here

The first crop of grapes have been harvested and the expectations are that the second crop wil be heavier than usual this year, according to a report issued by George E. Woodhams, agricultural commissioner for San Bernardino county.

Other information in the October crop report follows:

Weather: During October, the weather has been quite variable, but it has not interfered with the harvest of our crops. Low humidity and high temperatures have slowed down our pest control work during October.

Labor: The Mexican nationals and prisoners of war have done a fine piece of work in helping our farmers harvest their crops.

Citrus: The old valencia orange crop is about all harvested. The new navel crop is growing very rapidly and our inspectors all remark that the fruit is splitting quite badly again this year. Our inspectors feel that the orange sizes will be very good for the new navel crop; but some of the ranch interests indicate that the sizes are a little small at this time of year, compared to other years.

There are only a few carloads of lemons in storage, and picking will be light until the middle of November.

Walnuts: The Yucaipa walnut trees received some injury from winds. The walnuts in this county had some sunburn, and the crop was reduced in the bloom by late cold wather last spring.

Apples: The apple crop has been reduced by winds and every effort is being made to harvest the crop before any unfavorable weather conditions develop.

C. of C. Leaders Report On Southland Event

Officials of the Upland chamber of commerce attended a recent meeting of the California chamber of commerce in Los Angeles and reports on various phases of that meeting have been reported to the local chamber members.

William Gilliland, president of the local civic group, reported on highways as follows:

"Traffic has doubeld in volume since 1927," he said. "It is expected to double again within the next 15 years. For increased safety, efficiency and indirect benefit to local cities, freeways of four lanes are needed like the 'Arroyo Seco' from Pasadena to Los Angeles."

Cost of freeways is estimated at from one to three million dollars a mile.

As to financing such a program, the state chamber leaders listed the following:

"Increasing the present $3 registration fee to $5 would produce about seven million annually; an increase to $10 would produce about 25 million annually.

"An additional 1½ cents per gallon state gasoline tax would yield about 30 million annually. However, oil companies object because (1) it would lower their sales and (2) it is unfair to lower income brackets since 40 per cent of car owners make less than $1200 per year."

E. C. Rosenberger reported on the discussion of agricultural matters at the meeting. An "agricultural policy" was adopted as follows:

"That the state chamber of commerce urge all employers to use in agriculture all available local lobor as well as transients, returned service men, and unemployed workers from war industries; and request that, if necessary, steps be taken and funds provided by the Congress of the United States to insure that there will be an adequate supply of agricultural labor to produce and harvest the food and fibre crops of the United States during 1946, or as long thereafter as needed.

"That the state chamber of commerce recommend to congress enactment of legislation that would continue the present farm labor program or designate an adequate agency in the department of agriculture which would render a service to agricultural producers and workers by continuing, if necessary, the machinery for recruiting, transporting, housing and allocating domestic agricultural workers, and that this agency be empowered to continue importation of foreign workers during 1946.

"That the state chamber of commerce hereby request the California Farm Production council to explore every possible means of re-routing into California foreign workers now in other states.

"That the state chamber of commerce urge the war department to consider the critical need for prisoners of war in agriculture in California, and permit them, if necessary, to remain in this state until completion of the harvest of 1945."

J. Emery Sargent, local chamber secretary, reported on the travel and recreation phase of the meeting and said these points were emphasized:

"The state chamber of commerce is asking the army to remove all equipment from the Sacramento and Pomona fair grounds so that fairs may be held in 1946. The San Bernardino Orange Show and the Tournament of Roses at Pasadena will both be held in 1946.

"Winter sports — Tobogganing and skiing will be the main sports at Snow valley, Big Pines, Big Bear, Arrowhead and Barton Flats. Careful preparation to insure safety, patrols to help visitors and participants, and adequate manpower to keep roads clear are necessary preparations that are being made."

Albert C. Reynolds reported on the prospects for industrial development as depicted by Donald M. Nelson, president of the society of Independent Motion Picture Producers. Mr. Reynolds' report on the address follows:

"Mr. Nelson stated the west coast is on the threshold of a great industrial expansion if management and labor will cooperate to make the most of the opportunity.

"In a recent visit to Russia he traveled throughout the country and examined its industrial development most carefully, and is convinced that their accomplishment in a comparatively few years has been astounding and far greater than generally realized. He is sure that Russia is destined to became a great industrial nation and in time will be a serious competitor. But she now needs many things that we can furnish, and in his opinion Russia is the great potential market for this country and particularly for the west coast.

"Mr. Nelson stated that we have the raw materials, the labor capital, management and 'know-how' which is all that is needed for a great industrial expansion. But to attain the greatest production and benefits complete cooperation of all factors is vitally needed.

"He believes it is up to management to take the lead and make a greater effort to gain the confidence and cooperation of labor so that instead of strife both will work together to make this a truly great and successful country."

Unbeaten Junior High Falls Before Savage Chaffey 4th Period Attack

An undefeated Upland Junior High school football team fell before a savage fourth quarter attack last Tuesday to lose their first game of the season to the Chaffey freshmen, 21-12.

Victor Rennick, a newcomer on the Chaffey lineup, sparkled the winners with his brilliant running to pace the victory. He was responsible for the two touchdowns which spelled defeat for the previously unbeaten Junior High school eleven.

The Chaffey freshmen scored early in the first quarter to take the lead, 7-0. The Uplanders came right back to match the score but failed to convert, keeping Chaffey out in front, 7-6. In the third quarter Rafferty snared a pass and went over standing up to put the Junior High out in front 12-7. But then all fury broke loose in the last period. Paced by Rennick the Chaffey freshmen unleased an attack that couldn't be stopped until they had scored twice and put the game on ice.

This was the first defeat for Upland Junior High and broke their six game winning streak. They defeated Chaffey at their first meeting, 19-7.

Starting lineup for the Uplanders:

Gene Hill, left end; Tony Valadez, left tackle; Robert Davis, left guard; Gary Bowers, center; Donald Smith, right guard; Donald Myers, right tackle; Don Rafferty, right end; Bill Casler, quarterback; Harold Harris, left halfback; Ted Milch, right halfback, and Dennis Luby, fullback. Others who played were Bobby Graham, left guard; Neil Hughes, fullback; Fred Christianson, right guard, and Jack Hopper, left end.

How Are You As a Neighbor?

This art of living with each other is quite a task. A magazine recently listed 20 points under the question: "How Do You Do As a Neighbor?"

The questions are very pertinent and deal with practical matters. Here they are:

How do you do, as a neighbor?

First check your home habits: DO YOU—

1—Fiddle with the radio dial while others burn to sleep?

2—Fend for parking space by bumping fenders or blocking driveways?

3—Consider the viewpoint of neighbors in upkeep of your property?

4—Control your children or pets?

5—Curb problem-hobbies, such as nail pounding or furniture moving, at sleep time for others?

6—Borrow anything you could do without?

7—Call on neighbors, uninvited, at mealtime or when they have company?

8—Go out of your way to welcome newcomers to your neighborhood or offer aid in time of trouble?

Next check your doorbell and telephone manners: DO YOU—

9—Dismiss drummers, solicitors, callers curtly?

10—Hoard information from census-takers, tax appraisers or other official investigators?

11—Accept mail or parcels for others, in their absence, and deliver promptly?

12—Give community campaigners a pat on the back and a poke from your purse?

13—Ignore a telephone ring or put the line out of order, deliberately, by removing the receiver?

14—Refuse or forget to relay phone messages?

15—Eavesdrop or click-click on a party line—or use a phone more than 10 minutes at rush hours?

Now, finally, consider your shopping habits: DO YOU—

16—Delay others with indecision?

17—Give yourself the benefit of the doubt on whose turn is next?

18—Let a one-item buyer go ahead at the cashier's desk if your shopping bag is jammed?

19—Offer your turn to an elderly or handicapped person?

20—Show recognition of anyone who waits on you regularly and assist inexperienced employees?

Supervision is necessary to profitable farm operation, according to Arthur Shultis, specialist in farm management of the agricultural extension service, who recommends the following schedule:

1. Maintain high production per acre by applying fertilizers and rotating crops.
2. Use the best of varieties and seed, nursery stock, livestock or baby chicks.
3. Give your livestock or poultry proper feeding and care.
4. Make needed repairs and improvements as soon as possible.
5. Know your operations so you can instruct and supervise your help.
6. Continue to produce part of your living on the farm for better health and more economical living.

HELP WANTED

Civilian clerical workers are needed to help discharge men at the Army Air field separation base in San Bernardino. Those interested should write or go to the San Bernardino Air Technical service command civilian personnel building, three miles east of San Bernardino on Third street.

Flying the flag in some quarters covers a multitude of sins.

With the British empire and U. S. A. now in control of the better part of the world, it is imperative that we have a common language, if for no other reason than to understand one another.
—Indianapolis, Ind., Times.

Drunk driving statistics released by the Department of Motor Vehicles indicate far too many motorists drive up and ask for a full tank when they have one already.

Farmers To Get Surplus Govenment Materials Through R. F. C. Nov. 15

Surplus federal government property will be offered farmers through the Farm Bureau centers, Clyde Gerber announced.

Arrangement has been made by the Farm Bureau with the Reconstruction Finance corporation to make surplus materials available to farmers November 15, he said.

Until recently federal surplus property was handled by the department of commerce but is now in charge of the R.F.C.

Under the new arrangement, farmers may make their purchases without going through dealers.

He said the plan was tried first in four counties successfully, then extended to 17. It will be in effect throughout the state in two weeks.

Because of government red tape, however, six to seven weeks will be required to get delivery of goods purchased.

He said the government will dispose of goods costing 30 billion dollars.

I am very fond of the company of ladies; I like their beauty, I like their vivacity, and I like their silence.—Samuel Johnson.

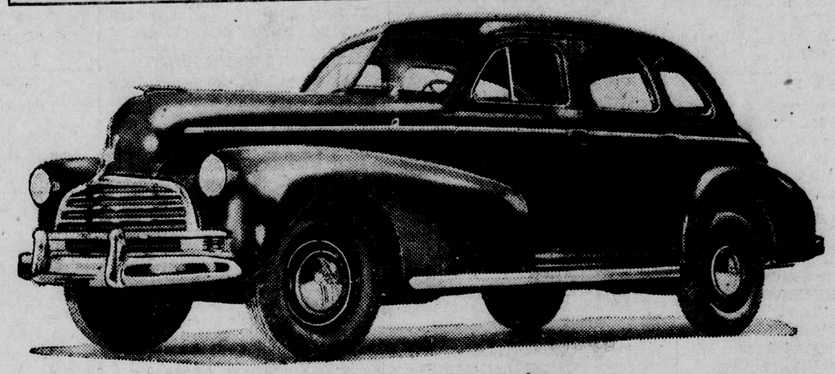
HERE TOMORROW

The NEW CHEVROLET

This pioneer automobile dealer cordially invites everyone in the community to see the 1946 post-war CHEVROLET.
Our showroom will be open all day tomorrrow, tomorrow night and each week-day following.

NEW 1946 MODEL CHEVROLET



The Stylemaster Sport Sedan

The new 1946 model Chevrolet, shown above, is outstanding not only for style-leading design, but for quality in materials and construction, advanced engineering, proved performance, economy and dependability.

Every line and contour emphasizes the massiveness and lowness of the vehicle from front to rear. The new, distinctive radiator grille, shown at the right, presents an expanse of gleaming chrome-plated horizontal bars, framed within a low-arched molding. A model of classic simplicity, it tends to emphasize width as well as lowness.

Front-End Styling Accentuates Massive Low Lines

Beautiful to look at
Economical to operate
Thrilling to drive
Luxurously styled
